EUROPE IS SHAKEN BY QUAKE

Switzerland, Germany and Austria in Panic While the Earth Rocks

Castles Are Wrecked, Cathedrals Damaged, Avalanches Rush Down Mount Blanc

BERNE, Switzerland, Nov. 17.—A violent earth shock was felt throughout Switzerland at 10:27 o'clock last night. This was followed by lesser quakes. The movement was especially strong in the cantons of Berne and Zurich. In the district of Interlaken and throughout the region of the Alps. So far as known there were no casualties.

In Geneva street cars were derailed. In this city and in Zurich theater audiences were thrown into a panic and rushed into the streets.

At Chamolix numerous avalanches rushed down Mt. Blanc. The seismic motion was from north to south.

CATHEDRAL SPIRE.

BERLIN, Nov. 17.—The earthquake last night, which was felt in a wide area of central Europe, severely damaged the spire of Hohenzollern, on the steep Zollerberg, near Hechingen. Statues were disfigured and great cracks appeared in the towers. At Constance, in the grand duchy of Baden, the spire and cross of the cathedral, the most imposing building in the city, fell. A colossal statue of Germania, which crowned the postoffice building, tumbled into the street.

PEOPLE IN A PANIC.

The kingdom of Wurtemberg was shaken hard. In Ebingen 500 frightened persons spent the night around fires in an open field. Railway communication with that place has been interrupted. Earth shocks are unusual in the districts affected and the alarm generally was greater than would have been the case in countries where seismic disturbances are a more common occurrence.

At Frankfurt four houses were shattered, the people running into the streets.

Woman Worth \$50,000 Found in Old Hovel

Wife of Man Who Tried to Kill Guiteau Accused of Insanity.

WASHINGTON, Nov. 17.—Insanity proceedings have been brought by Charlotte D. Bates against her aunt, Mrs. William Jones, wife of the man who attempted to kill Charles Guiteau, assassin of President Garfield. Mrs. Bates claims that her aunt's mind had been unbalanced by worry over her husband's dissipation and that although the aged woman is worth \$50,000 she recently was discovered living in a squalid hovel.

Aldrich Currency Plan 'May Be' Right, Says the Resolutions Committee

KANSAS CITY, Nov. 17.—The majority report of the resolutions committee declaring against the parcels post was adopted today, 90 to 16, by the trans-Mississippi Congress, although friends of the parcels post carried their fight to the floor when the resolutions came up for adoption. A vigorous verbal scrimmage followed, during which charges were made that a "steam roller" was being operated by those in control of the meeting.

MEMBER OF RIVERS AND HARBORS COMMITTEE GREATLY IMPRESSED BY WORK ON WATERFRONT

HUMPHREY GUEST OF HONOR

Mayor Mott Answers Congressman's Questions as Tug Steams Along Estuary

Visitor Loses Hat in Bay, but Secretary A. A. Denison Supplies Headgear

Congressman William E. Humphrey of the State of Washington, only western member of the rivers and harbor committee of the House, was today the guest of Congressman Joseph R. Knowland and the Oakland Chamber of Commerce on a tour of inspection of the city's waterfront followed by a luncheon at the Forum cafe.

The party, in addition to the guest of honor, who by virtue of his official position is making an inspection of the river and harbor work being done on the Pacific coast and through the far west, included his hosts, Congressman Joseph R. Knowland and the officers of the local and Alameda Chambers of Commerce, together with some forty invited guests. They were taken on the government tug Golden Gate, through courtesy of Collector of the Port Frederick S. Stratton, leaving the Washington street wharf, in San Francisco, at 10:15 this morning.

WESTERN WATERFRONT.

The tug, under command of Lieutenant W. L. Maxwell, was first directed across the bay north of Goat Island to the city's western waterfront, along which the party proceeded at a slow speed while Mayor Mott, Congressman Knowland and Secretary A. A. Denison of the Chamber of Commerce explained to Humphrey the details of the work being done. He was shown maps of the work projected and asked many questions as to details of dredging, projected fills and other technical matters. He seemed much interested.

AGED COUPLE IS SEPARATED BY DEATH

End Came Peacefully as Wife Slept by Husband's Side

"She is not dead. Caroline is not dead. She is only sleeping. She has been this way before, and you shall not touch her." Face flaming with anger and a certain sudden and unusual strength upbearing him in his hour of need, Nels Anderson, aged 70 years, attempted to drive back the police and the coroner's men when they came this morning to remove the body of his wife, Caroline, who had been his companion and helpmate for over half a century.

The officers stood abashed before the old man, whose streaming white hair and decrepit form belied the fire of re-

BRAVE SHOPGIRL PURSUES THIEF THROUGH STREETS

San Francisco Clerk Saves Property of Her Employer and Brings About Arrest of Two Clever Culprits

SAN FRANCISCO, Nov. 17.—Displaying rare pluck and bravery shortly before 9 o'clock this morning, Miss Mary Riosdorn, a salesgirl in the employ of L. Ranschoff, clerk and suits, 228 Post street, chased one of a pair of shoplifters, bare headed, through the business section, and brought about his capture by the police. An alleged female companion of the culprit was taken into custody later. The pair are believed to be the shoplifters who have been working in the downtown section and are suspected of being responsible for porch climbing jobs all over the city.

But for Miss Riosdorn's coolness and courage the capture would not have been made. The young woman was alone in the establishment, save for a porter, who was in a room at the rear, when a man and woman entered and the former engaged her in conversation. There was some talk about purchasing evening apparel. The couple left rather hurriedly and soon after Miss Riosdorn missed an opera cloak valued at \$80. Remembering the suspicious actions of the pair, she ran hastily to the door.

In an adjoining hallway she saw the woman in the act of taking the cloak from beneath her dress and remembered her peculiar walk as she had left the establishment, evidently with the article held closely with her knees. At sight of the girl, who walked towards them, the man said, "You beat it kid, and I'll take this." The woman then ran west while Miss Riosdorn, with an eye to her employer's interest, followed the thief with the cloak.

ROUTE OF PURSUIT.

Without thought of abandoning the chase she pursued down Post to Grant avenue to Geary to Stockton and almost to the Union Square Hotel. She did not cry out, but hoped to meet a policeman.

Annual Umpire Day Meets With Approval

SAN ANTONIO, Texas, Nov. 17.—After a contest by five cities, Milwaukee today was selected as the next place of meeting of the National Association of Professional Baseball Leagues. The other cities withdrew. The association endorsed the holding of an "annual umpire day" and of an annual "play grounds day."

Marriage Falls Off In Chicago Society

CHICAGO, Nov. 17.—A marked decrease in marriages for the year, as compared with preceding years, is shown by the Chicago Social Register, the issue of which for 1911 has just appeared. According to statistics, 130 persons of the society world were married during the year, as against 181 in 1910.

San Francisco Schooner In Serious Position at Sea

PORTLAND, Ore., Nov. 17.—The schooner Sausalito, bound from San Francisco to the Coquille river, is reported to be in a serious position five miles north of Coquille. Captain William Magee, of the steamer Re-

dondo, which arrived at Marshfield, reported that he sighted the Sausalito and ran close in by her, offering to take her in tow, but she refused. A bar tug has gone from Marshfield to attempt to save the Sausalito.

Ambrose Wetherbee Dies In Alameda at Age of 98

ALAMEDA, Nov. 17.—Ambrose Wetherbee died this morning at his home, 2011 1/2 Clement avenue. He was the father of George Wetherbee, an Eastern traveling man, and Charles Wetherbee, own-

er of a big mine in Gold Hill, Oregon. He was a native of Keene, N. H., and 98 years old. The funeral will be held tomorrow, the Rev. Mr. Martin officiating. Incineration will be at Oakland Crematory.

SUNDAY TRIBUNE BEST FEATURES, VALUABLE

Once more THE SUNDAY TRIBUNE. Do you wait for it? Read it? Advertise in it? Do you realize this:

THE SUNDAY TRIBUNE HAS THE LARGEST CIRCULATION OF ANY NEWSPAPER CIRCULATED IN ALAMEDA COUNTY.

It goes into more homes, is more eagerly sought and preserved. And there is the best reason in the world for its popularity.

THE SUNDAY TRIBUNE has more genuinely interesting and valuable features than any newspaper in the west. Besides a local news staff that gathers everything printable in Oakland, Berkeley, Alameda and every town and hamlet in this county and those adjoining, the International News Service wire brings into THE SUNDAY TRIBUNE office every bit of news that the outside world has to offer.

Then there is The Knave, contributed to by three of the cleverest writers of San Francisco; the sports section, printing the work of the most noted experts of the coast; the clever first-page fashion plate in colors, and four pages of colored comics that have become famous.

Lillian Russell, noted as an actress and as a beauty, each Sunday contributes to THE TRIBUNE a full-page beauty talk that is illustrated in colors. Three pages of cable news, the product of a score of the best writers employed by the International News Service, give you the happenings of a week in Europe.

Suzette contributes in her clever style a review of society that is at once comprehensive, satirical and keen. THE SUNDAY TRIBUNE is bringing you close to Oakland theaters and visiting performers, with two pages of theatrical news. And then there are the feature pages, an education in themselves.

Truly a remarkable newspaper menu is this offered every week by the great SUNDAY TRIBUNE. You can't afford to miss an issue.

Read it this Sunday, next Sunday and every Sunday.

POSLAM STOPS ALL ITCHING

Relieves Itchiness and Quickly Cures All Skin Diseases.

The terrible itching attending eczema and other skin diseases, which entails sleepless nights and robs sufferers of repose, is stopped at once by Poslam. Pleasant stinging action as a welcome relief from distress. Soon a complete cure is effected, for the healing powers of Poslam are marvelous.

Poslam is a perfect, antiseptic, kills germs and contains nothing to injure the most delicate skin. Its success is greater than that of anything used for similar purposes.

Acne, barbers' itch, tetter and like diseases yield to it readily. Pimples and minor blemishes are eradicated after a few applications, the complexion, red nose, etc., being cleared over night.

Poslam is sold for 50 cents by The Owl Drug Co., and all druggists. Or the Emergency Laboratories, 32 West 25th St., New York, will send a sample free to anyone who will write for it. This is sufficient to show results in twenty-four hours.

Poslam-Soap is delightful for every cleansing purpose, and being medicated with Poslam, is rendered antiseptic, preventing infection. Large cake, 25 cents.

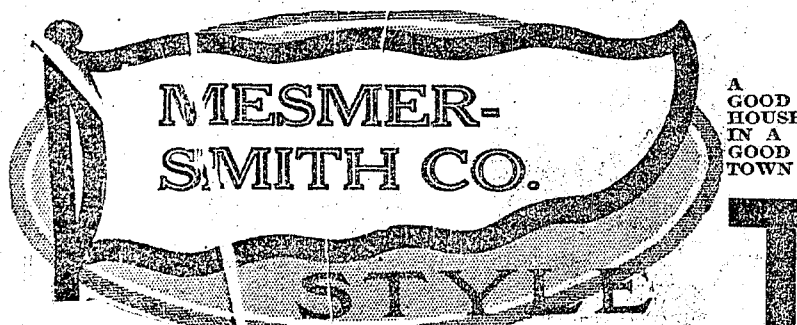

COMMERCIAL MAN FLEMING WITNESS

Wat Hawkins Fails to Identify the Prisoner as Man He Saw.

REDDING, Nev. 17.—Mat Hawkins, a commercial traveler from San Francisco, was the only witness to testify in the morning session of the trial of Daniel Fleming, accused of the murder of George Vetter.

Hawkins was a passenger on the train from which the body of Vetter was taken. He testified that he saw two boys lying on the roof of the Pullman and a man in a railroad uniform standing between them. Fleming stood up in court, but Hawkins could not positively identify him.

DEATH SEPARATES AN AGED COUPLE

Mrs. Niels Anderson Dies in the Night by Husband's Side.

statement that gloved in his eyes, as he stood erect in his doorway, blocking entrance and defending his dead. It was only when stern duty forced them to overcome his feeble resistance that they carried the old man gently into the house and after assuring themselves that the declaration of the neighbors was correct that Mrs. Anderson was dead, had him placed in the custody of friends.

For years Anderson and his wife have been well known residents of East Oakland, making their home in a little place at 740 Ninth-second avenue. The old couple boasted of being of the same age and so many years had they shared each sorrow and joy, each happy laugh and each sorrow-stinging tear, that they fondly spoke of the probability that they might die on the same day, that neither might survive the loneliness.

Some time ago it became known that Mrs. Carolina Anderson was suffering from a malignant cancer. The neighbors assisted the old man in caring for his wife, and expressed the greatest surprise at the courage with which he forced himself day after day to spend hours caring for the patient.

Recently it became apparent that Mrs. Anderson was rapidly sinking, but the aged man persisted in hoping for the best and reiterated time after time that he could see no change.

This morning the sufferer died quietly while asleep. The neighbors, who were old man sitting by the bed, and tenderly explained to him that his helpmate and comrade was no more. Fear of the loneliness that would come is believed to have unhinged his mind, for he answered them indignantly that his wife was not dead.

Every effort to bring him to a realization of his loss failed. He clung to the idea that his wife was "just asleep," with fragile tenacity, and when the coroner was summoned, he refused to permit him to touch the body.

Finally Captain Thorwald Brown gently forced the old man to leave the room. In doing so he was assisted by Patrolman J. Enwright.

When it finally seemed to penetrate to his mind that he was left alone, the aged man made a hasty attempt to swallow the contents of two vials of poison which he had concealed about his person. He was frustrated in this and given into the care of Mrs. D. England of 725 Burling street.

The body of Mrs. Anderson was removed to the morgue and an inquest will be held. It is not thought that Anderson will survive her long.

MAKE TOUR OF OAKLAND HARBOR

Mayor Mott and Others Point Out Needs of Waterfront and Improvements.

ested in the plans and the work which has already been done.

HUMPHREY LOSES MAT. One incident was the loss of Humphrey's hat while in this part of the bay. A loss which delayed the party until Secretary Denison went to the rescue with the loss of his own head covering.

After rounding Long wharf the trip was continued up the estuary to the Franklin street wharf, where the tug docked to take on others of the party who were unable to go to San Francisco.

MEMBERS OF PARTY. The members of the party on board the tug leaving San Francisco were the following:

Congressman and Mrs. William B. Humphrey, Congressman and Mrs. Joseph R. Knowland, Mayor and Mrs. Frank K. Mott, Commissioner and Mrs. Harry S. Anderson, Miss Fyfe Smith, niece of Congressman Knowland; Commissioner William B. Baccus, Perry F. Brown, Oakland city engineer; H. Rosen, president of the Alameda Chamber of Commerce; H. Hatch, vice-president; Horatio Kruhl, president of the Chamber of Commerce; H. Bradley, publicity city department of the Oakland Chamber of Commerce; Daniel Crowley, president of the Oakland Merchants' Exchange.

F. Gorman, Charles M. Cadman, W. W. Keith, J. N. Chapman, Alameda city engineer, H. G. Taft, J. F. Moser, general manager Alameda Packers' Association; Judge John Coburn of Emeryville; Mayor W. H. Christie, W. H. Newcomb of the Chicago Record-Herald; H. T. Scott, James P. Taylor, J. Fisher.

These were joined at the Franklin street wharf, Oakland, and at the luncheon by:

Mayor J. Stitt Wilson of Berkeley, Edison P. Adams, Hugh Hogan, Howard W. Bray, Colonel E. E. Bullock of Alameda, representing Mayor W. H. Noy, who was unable to be present.

POINTS OF INTEREST. After leaving the Franklin street dock the cruise was made up the estuary as far as the E. K. Wood Lumber Company's pier. Points of interest were pointed out en route by Congressman Knowland and the wishes of Alameda in the matter of water front improvement were explained by Captain J. F. Moser of the Alaska Packers' Company and City Engineer Chapman. At the Wood Company's pier the trip was made, the tug rushing into the wharf, owing to the tug's prow and a smashed scarp off the tug's prow and a smashed piling no damage was done.

At 12:30 the party disembarked at the foot of Broadway and was taken by automobile to the Forum.

AFTER LUNCHEON SPEECHES. Following the luncheon at the Forum H. C. Capwell, president of the Chamber of Commerce, acted as toastmaster during the short program of after-luncheon talks. After opening remarks he introduced Mayor Frank K. Mott.

The mayor spoke in part as follows: "It is a great pleasure to us to have Congressman Humphrey with us today. It has been a pleasure to us to show him what Oakland has been doing in the line of harbor development."

"In the past we of Oakland have asked much from the government for the improvement of her harbor, especially in the widening and dredging of the estuary, and it is with pleasure that we have shown Congressman Humphrey what we have done and mean to do."

The mayor then spoke of the work which the city alone, unaided by the government, is doing in the Key Route basin, and spoke of the wishes of Oakland in asking, through Humphrey, that the government aid the city in carrying to completion its plans and contracts for development.

HUMPHREY DELIVERS ADDRESS. Congressman Humphrey was then called upon and spoke in part as follows: "I have been greatly impressed today with my trip along your waterfront. I have been especially impressed because in this work Oakland has helped herself. You have taken steps here greater than any city I know to control your wharfage. And I believe that the city has been wise in working for herself, for we on the committee have been helping most of all those who help themselves, as Oakland has done and is doing."

"I suppose you want to know what the government will say to your request for aid here. I am very officially representing the rivers and harbors committee. It is our rule as committee members to express no opinions. But I will say this, like the man in the story, 'I have been converted, and I stand willing to do anything so long as it is honorable' for Oakland."

PRAISES KNOWLAND. "And I will say this in addition, that if you want all the improvements that you are after, you can do nothing better than to keep your present representative, my colleague, Congressman Knowland in office."

"Also I want to say, that as a result of this trip this morning I feel in better shape than ever before to act on Oakland's harbor and I am more impressed than ever before that you ought to have assistance in your harbor development."

Much applause followed Congressman Humphrey's talk, after which Congressman Knowland spoke of his association with Humphrey and of the importance of having California's harbors developed ready for the opening of the Panama canal.

Other speakers at the luncheon were Mayor Wilson of Berkeley, who spoke of the importance of the development of San Francisco bay as an international factor, Colonel E. E. Bullock, who spoke for the city of Alameda, and Secretary Denison of the Chamber of Commerce, who gave to Congressman Humphrey various details of Oakland's shipping.

Following the luncheon the Congressman Humphrey was the guest of Mayor Mott and Congressman Knowland in an automobile tour which took in the improvements of the Key Route basin.

DIVORCED COUPLE KISS AND MAKE UP

Not contented to live apart, Agnes and Irving Macdonald, who secured a decree of divorce some time ago, late yesterday appeared at the county clerk's office hand-in-hand and took out a license to wed again. With a bit of paper tucked snugly in his pocket, Macdonald led his intended bride in search of a minister.

FOREIGNERS KILLED BY CHINESE

Manchu Nobles, Who Have Lost Power in the Government, Threaten to Make Trouble

Revolutionary Forces Are Being Gathered for Rush Into the Capital

SAN FRANCISCO, Nov. 17. — A cable dispatch received today by the Chinese Free Press of this city declares that since the new cabinet was formed Manchu nobles have lost much of their power and great jealousy has resulted.

"The situation in the Manchu families is greatly strained and trouble is expected," said the dispatch which was sent from Shanghai.

Another dispatch said that Liang Chi Chio, the new vice-president of the Board of Justice, made great efforts to gain the presidency, and that he and Yuan Shi Kai were not friendly.

A Hong Kong dispatch said that the revolutionary army from Hupeh had arrived at Chin Ting. General Choe Li is in command. An attack on Peking is expected to take place soon.

Eight thousand volunteer troops, commanded by General Tong Yi, have started from Kwang Tung Province to aid in the attack.

Foreigners Slain by the Chinese

PEKING, Nov. 17. — Reports reach here of the murder of a German in Shen Si, and of a French priest in Sze Chuen province, but these are isolated instances of harm coming to foreigners, who have been well protected considering the excited condition of both revolutionaries and imperialists.

No attempt is being made to re-establish telegraph communication or the postal service in the western provinces. On this account no late communications have been received from many places where foreigners reside. In Changchun, Manchuria, foreigners have been asked to join the protective organization.

The foreign diplomatic representatives have under discussion the appointment of a committee to disburse the maritime customs, which are being reserved by the imperial government. Plans have been made for payment of loans and indemnities. This seems to be the beginning of foreign interference in the financial affairs of China.

Certain members of the National Assembly are advocating the discontinuance of that body, because a large majority of the elected members have left the capital. Those who remain are chiefly the throne's appointees, and the Assembly is without a quorum.

West Pointers Head Chinese Soldiers

WEST POINT, N. Y., Nov. 17.—When the Chinese revolutionists, now gathering outside Nanking, move on that city to commence what is expected to be the decisive battle of the rebellion, two of their most prominent leaders will be Tsing Chia Chan and Yin Ting Wen graduates of the United States military academy here. Both Ting and Yin were members of the class of 1908 at the academy and were the first two Chinese to learn military science under the tutelage of the United States government. After completing their course here they were sent to Germany and France, where they spent eighteen months. In January of this year they were ordered back to Peking. When the rebellion began both of the young officers obtained commissions in the rebel army.

Mysterious Manchu Arrives From China

SAN FRANCISCO, Nov. 17. — Chan Kwal Yu, the first official of the Manchu dynasty to arrive in San Francisco since the rebellion broke out in China, put in an appearance on the Pacific Mail liner Persia, which arrived in port this morning from the Far East.

Chan Kwal Yu, who left Hongkong October 20, while the insurrection was at its height, was accompanied by a retinue, and it is supposed that his hurried departure from China has a significance in connection with the revolution, which will develop when he reaches Washington, his destination.

The Manchu official declined to discuss the turbulent situation which exists in China. He also declined to state the nature of his mission to this country. He said that he was merely a traveler.

When questioned by the immigration officers, he admitted that he was an imperial magistrate of Nam Hung, which is the hotbed of the revolutionary movement.

The mysterious Manchu official was met at the wharf by Li Yueng Yew, the Chinese consul general in San Francisco. After the baggage of the magistrate was cleared he was hurried away to the home of Li Yueng Yew.

While Chan Kwal Yu is prefect of Nam Hung, he is also superintendent of education of Kai Chee College. He is said to have opposed the revolutionists, and was forced to flee when the revolutionists captured the city.

Chan Kwal Yu was accompanied by Chung Yook Tong, Chan Tat Sam, Chew Si Tuk, Jew Chung and How Sing.

Yuan's Cabinet to Be Short Lived

PEKING, Nov. 17, 7:47 p. m.—China's first experiment with a constitutional cabinet dominated by Chinese does not promise much except as a stepping stone to something more permanent. The newspapers express the opinion that the administration of Premier Yuan Shi Kai will be brief. Some of those selected as ministers already have declined to serve. Suspicion exists in some quarters that Yuan deliberately constituted a government, a continuation of which he knew to be impossible.

FIVE JURORS IN M'NAMARA BOX

Retired Farmer and Non-union Carpenter Among Those to Hear Case.

LOS ANGELES, Nov. 17.—Two more jurors, making five in all, were sworn in the McNamara murder trial today. They are J. B. Sexton, a retired farmer, and William J. Andre, a non-union carpenter.

The state excused Talesman Arthur Gribling, William Brunner and Clark McLain. The defense excused Brewster C. Kenyon, C. A. Heath, T. H. Elliott and Jacob Lansing. The defense now has eleven of the state's peremptory challenges left.

It was said that Heath was excused because of an idea held by John J. McNamara, brother of the defendant, that any man born in the county of Kent, England, would not be the most favorable sort of a juror to try an Irishman.

Talesman Nicholson was accepted by the state and F. C. McCandless, a Methodist rancher, was challenged and excused after he said he believed McNamara guilty and could not give him the presumption of innocence. The list of veniremen ran out at this point and court adjourned until tomorrow.

SIX IN SIGHT

Six permanent jurors—possibly seven—were in sight today when counsel gathered to purge a full jury box by peremptory challenges of those talesmen whom they considered prejudiced or otherwise unfit to try James B. McNamara, indicted for murder in connection with the Los Angeles Times explosion.

With the sworn jurors—Robert F. Bain, F. D. Green and Byron Lisk—District Attorney John D. Fredericks said before the opening of court today that he would use his first peremptory against Arthur Gribling, a retired walnut grower, who on the stand declared himself opposed to circumstantial evidence in a capital case.

Brewster C. Kenyon, interested as an occupation in various kinds of investments and who admitted on the stand that he had no admiration for General Harrison Gray Otis, proprietor of the Times, was being considered by the state for a peremptory challenge as it was thought that he might not be inclined to give due weight to testimony from employees of the Times it called as witnesses.

HORTON ARRANGING

District Attorney Fredericks announced today that he had assigned G. Ray Horton, chief trial deputy, to try the case of A. B. Maple, F. Ira Bender and B. H. Connors, indicted for an alleged attempt to dynamite the Hall of Records here a month before the Los Angeles Times was destroyed in the fall of 1910.

Counsel for the McNamaras likewise are defending the three men indicted and the case is expected to be decided by the state jury trial. Horton has been the most active man thus far in court for the state other than the district attorney himself, and the delegation of Horton to try Maple and the McNamara trial means that the state will lose an important member of its staff.

The trial of the trio is scheduled for December 11, but Attorney Darrow has been busy in the city and a postponement until after the McNamara trial was over could be obtained. However, he said he would assign one of his assistants to the case. Bender is president of the Blacksmiths' union here and Connors is a member of the Bridge and Structural Iron Workers' local.

GO INTO CONSULTATION

Counsel for both sides were in consultation long before court opened today at 9:10 o'clock, concerning the trial of the McNamara case. The preliminary challenging process was begun by the state, who excused Arthur Gribling. The defense then eliminated Talesman Elliott. Assistant District Attorney Ford then called the Blacksmiths' union here and Connors. Darrow checked off Jacob Lansing. There was a "pause" as the state stopped. Then the defense excused both Clark McLain and Brewster C. Kenyon. Next to be excused was sworn J. B. Sexton, W. J. Andre and C. A. Heath in addition to the three permanent jurors obtained earlier.

The excusing of McLain by the state and by the defense, and the failure of the defense to excuse Andre were the surprises of the situation. McLain, as a banker, is of a class supposed by the defense to slant backward to the state because of his connection with the bank. Andre was particularly averse to any unsettled conditions in business and to people who make them so. Kenyon was thought to have been marred by the state because of his disapproval of General Harrison Gray Otis, publisher of the Times. His varied investments in the opinion of the defense, might prove an unconscious influence and he was excused for this reason.

FAVORS UNIONS

Andre in his examination by the defense said he was favorable to unions "if they keep within their rights as they sometimes do," and believed the Times was dynamited.

The last few men of the seventh venire were summoned to fill the vacant places in the box.

A. de Remer was excused for deafness. W. H. Gaynor was excused because of an unfavorable opinion to capital punishment. William Nicholson, a grocer, was accepted as to be caused by the defense after a brief examination.

Attorney Darrow asked permission of the court to consult with his associates about another talesman before ending today's elimination task. At the conclusion of the conference the defense announced that it would excuse C. A. Heath, but no more today.

William J. Andre and J. B. Sexton were then sworn as permanent jurors. Only four veniremen were on hand and they were called to the vacant slots in the jury box for examination. One had defective hearing and was excused, leaving William Nicholson, F. C. McCandless and W. H. Gaynor. Gaynor had views against capital punishment and was excused by the court.

Judge Bordwell announced that he would draw a new venire of forty during the day. Talesman Nicholson, a grocer, took the stand.

Nicholson said he was open-minded on the case, having no views on it. He declared he could give the defendant a fair and impartial trial and was passed for cause by the defense.

Assistant District Attorney Horton examined Nicholson at length, found him satisfactory on the question of circumstantial evidence and likewise passed him for cause. Nicholson once owned a grocery store in Buffalo, N. Y. Previous to that he was conductor on a street car line between Buffalo and Niagara Falls.

Court here took a brief recess, during which a new venire of forty was drawn.

Examination of F. C. McCandless, a rancher, followed. He declared he

The man, whose name is George Upton, and the woman are being held by the officers.

From an informant, whose name they refused to reveal, Detectives Gaughran and Murphy claim to have learned that the woman intended dressing in boy's clothes and the pair operating on second stories with the aid of the harness, sliding down a rope in making their escape. The officers also believe that the pair are responsible for thefts committed in the Owl Drug Company and other downtown business establishments.

Ranshoff, when interviewed later, gave it as his opinion that other articles mislaid had been taken by the woman, although he declared that he had never seen the man before.

LOS ANGELES MAN COMMITS SUICIDE

ARDMORE, Okla., Nov. 17.—Dr. S. Dallas, said to be a prominent physician of Los Angeles, after announcing his departure to Santa Fe railroad train near Topeka and Santa Fe railroad train near Topeka, was found dead in a box car.

Paul's Valley, Okla., swallowed carbolic acid and leaped through a window of the sleeping car. His body is held at Paul's Valley for instructions from relatives. His Los Angeles address is believed to be 16 Temple street.

AUTOS TO RACE AT THE MOTORDROME

The spectacular finish of the ten-mile free-for-all professional motorcycle race on the Motordrome last Sunday and a portion of the immense crowd which attended the races.

the streets panic-stricken. Great cracks were made in the walls of several buildings.

HOUSES ARE ROCKED.

Stuttgart felt the movement strongly. Houses rocked, pictures fell from the walls and furniture was tumbled about. Reports from Munich, Strassburg and Mayence tell of similar experiences.

There was a panic in the theater at Heidelberg. Near Lautlingen a railroad viaduct fell in. Several buildings, including St. Stephen's Church, were damaged at Muehausen, and a large stone was shaken from the church steeple. Bricks and tiles from disturbed buildings littered the streets. A theater audience stampeded from the playhouse.

The shock was felt less severely at Vienna, Austria, according to reports.

Double List of Entries to Take Part in Sunday Contests

A combination automobile and motorcycle meet has been arranged for the coming Sunday's card at the Motordrome. The automobile race which Prince had planned for his next event was assured by the action of P. J. Walker, Pacific coast representative of the American Automobile Association. The sanction which was applied for, was granted by Walker last night and the last obstacle removed which would prevent the holding of a free-for-all race.

Three cars and possibly a fourth, one will fight it out for the winner's share of a substantial purse that has been offered. The Maxwell, Comet and Chalmers have already been entered. A Velle is the probable fourth car. The last named is a favorite in this vicinity. In every contest in which it has participated the Velle has been among the one, two, three cars. All told, in twenty-one starts this car has finished first fifteen times, second four times and third twice. Jenkins, a well-known Australian pilot, will handle it in event of entry.

EARL COOPER TO SHOW SPEED.

Earl Cooper will be seen with his old love, the Maxwell. Cooper has performed splendidly with this Maxwell all year. Starting with the Panama-Pacific road race, in which classic he finished second, he has been a starter in every contest in this section. At Santa Rosa, San Jose and at both automobile races on the Elmhurst track his percentage of winnings was far greater than any other car excepting possibly one. The Comet, with an eight-cylinder high-speed motor, was

designed and constructed by Al Hall, one of the most expert automobile men in this country. The motor used is similar to the one employed in a number of the Currier's trials. Claims have been made by the makers of this Comet that it can travel close to the 100-mile an hour mark. In practice trials some exceptional speed has been negotiated by it; however there is some doubt as to any mark such as has been claimed being made.

One thing is certain with respect to racing motor cars—they will be expected to put up a very close, exciting and fast event, to engage and hold the interest of the crowds as the motorcycle events do.

SPEEDY RACERS.

All of the riders in last Sunday's events will participate in this coming meet. Baker, Armstrong, Wolters, the Samuels, Albright and Ward are ready for the second fray. They can be looked for more of the sport spectacular.

The Oakland Traction Company, the Key Route and the Southern Pacific have arranged to handle the San Francisco and Oakland crowds in a far more satisfactory manner than was the case last week. Connecting with the boats leaving the ferry at 1:30 and 2 p. m., Sunday, there will be trains direct to the track. Returning there will be a train at 4:10 p. m., arriving in San Francisco at 5:10.

Trains connecting with the Key Route boats leaving San Francisco at 1:30, 1:40 and 2 p. m., running to Twenty-second and Broadway, will connect with trains which are to run out Twelfth street to the Motordrome.

shut off discussion. And that is not the only fault of the congress. Why does it not declare for something? A man that rides in the middle of the road never gets any place.

The general resolution adopted by the committee urges the importance of the need of a new monetary system and believes that the plan advanced by the National Monetary Commission may be a step in the right direction.

Recognizes and pays tribute to reclamation and drainage, both by government and state, as elements in western development.

Declares that the passage of a parcels post law would be a menace to the development of small towns and communities. The Interstate Commerce Commission for beginning action intended to lower the express rates on small parcels.

Urges that Congress issue \$500,000,000 in bonds for the improvement of rivers and harbors from the Atlantic to the Pacific and from the lakes to the gulf.

Endorses the establishment of a national department of health.

Declares in favor of government aid for the construction of good roads.

OCEAN TO OCEAN ROAD.

Endorses the action of the Daughters of the American Revolution in moving to build a national highway from ocean to ocean, and asks national aid for it.

Favors the deepening of Galveston harbor to 35 feet at low tide by the national government.

Urges the government to pass laws that will prevent railroads from controlling, steamship lines, engaged in coastwise trade, the complete disbursement of railroads and steamship lines, the enactment of steamship traffic between American ports, and urges the national Congress to authorize the President to appoint a commission to make such recommendations as will result in the upbuilding of an American merchant marine.

Endorses all efforts to decrease the waste from the burning of coal, and that instruction in how to reduce this waste be given in public schools and advocates the appointment of fire marshals in all states.

Favors the reorganization of the state conservation commissions, so that they may make inventories of their natural resources and study the industrial problems and promote the development of the states along non-political lines and in co-operation with the Federal conservation efforts.

OFFICERS ENDORSED.

The committee on permanent organization endorsed the following officers for the coming year:

President, A. C. Trumbo, Muskogee, Okla.; first vice-president, E. G. Moore, Kansas City; second vice-president, Walter Hill, St. Louis; third vice-president, Lewis Fisher, Galveston; fourth vice-president, Richmond S. Jones, Seattle.

Executive committee—Chairman, John L. Powell, Wichita; vice-chairman, Major R. W. Young, Salt Lake; chairman of the congressional committee, Colonel Fred W. Fleming, Kansas City; retiring president of the Congress, Colonel Ike T. Pryor of Texas spoke on the "Live Stock Industry" as did

Master and Mate Have Long Sailed Together

Captain F. A. Long and First Mate R. J. Cuminsky of the whaler Jeanette are at the Hotel Crellin. Captain Long and First Mate Cuminsky were both born on Thursday, November 4, at 5:40 p. m., 1860, at Nantucket, Mass., and have been chums since 1880 and sailed on the same vessels.

The two first met at the wharfing-off office in San Francisco on a Wednesday, May 10, 1880, and sailed to Alaska on a whaler and have been together ever since.

They have just returned from a whaling expedition to Alaska on the Jeanette and got seven whales on the trip. The chums have just celebrated in Oakland their 51st birth days.

A TOP-NOTCHER.

It's great times the boys have had in the past, now at one theater and now

at another, and this time the "powers that be" in THE TRIBUNE office decided there should be no exception to the rule, so the Orpheum was selected.

Manager George E. Eby of the theater was interviewed and his assurance given that the bill would be one of the very best of the coming season. You see, it was felt that nothing in the line of amusement could be quite too good for the boys, and after all, what is a small part in the plan of getting the paper into the hands of the great reading public by selling by the boys on the streets, or in a more roundabout way, by its delivery at the house doors?

That was what the boys appreciated all that was being done for them, but then they decided they wanted to do something to show their appreciation and to show to the boys that the talent is not cornered by the Orpheum management. So some of the leaders met together and with this result—they decided they wanted to do some vaudeville stunts, too.

CALL FOR HELP.

In fear of traveling but with grim determination, they appeared before H. V. Farratt, THE TRIBUNE's circulation manager, and made known their wishes. He, taken with the idea, offered his services to help work up their part of the show, and the result is that on next Monday night, in place of the regular 15 minutes between the two halves of the regular bill there will be an almost twenty-minute show by the boys, and by the newbies alone, all the details of the affair have not been perfect, but here is the program as it now stands:

READ THIS, FELLERS.

First and foremost there is THE TRIBUNE quartet, sometime known as Henry Deasys, but now known as the "newbies" of the Orpheum have seen so-called "newbie" quartets, but here is the real, making a new record for the boys' health, with all its freshness and natural melody. If you want to hear the "real thing," "barber poles," don't fail to hear this act.

On the other hand, oh ye people with funny bones to be tickled, prepare for the Frankfurter contest. All you regulars, scream! It's really not fair to spoil your enjoyment of the affair by telling us that either for between 400 and 600 of the regular bill, given by the newbies, as to what the Frankfurter contest will be, so maybe it will soothe your itching curiosity if you know that the recipe for the affair reads something like this:

STRING OF BOW-WOWS.

"First take a long string across the stage from which there are appended at intervals, like levels, from My Little necklace, Frankfurters. Next take a number of boys of all ages and stages, make them keep their hands behind their backs, and then tell them to go ahead and eat the Frankfurters. And then—But that is enough to suggest the possibilities of a Frankfurter contest as a laugh-producer.

Oh, there will be what is called a huster calling contest, in which the participants will "yell" papers and see who can do it the best, and finally you will see some hand-picked boys of THE TRIBUNE boys, which may make even the famous Four Fords green with envy.

Oh, it will be a bill, all right. Who knows but that in this galaxy of talent from THE TRIBUNE's newsboys, there may be a rising vaudeville star? Who knows but that the star may blaze forth in all its brilliancy on next Monday night? Who knows what may happen? Better come to the theater on Monday night and see what you shall see.

KIDNEY TROUBLE CAUSES LUMBAGO

Remarkable Story About Great Remedy.

I cannot refrain from writing to say that your Swamp-Root has benefited me greatly. Last year I had a severe attack of lumbago. Was bad for a long time, and on seeing your advertisement I determined to give it a trial. I did so and in two weeks was cured. I gave a bottle to a poor woman who could scarcely walk. She came to me in four days to tell me she was all right and most thankful. I had another attack last November and was so bad that I could not rise from my chair without assistance and could hardly lace up my boots. I at once sent for more Swamp-Root, and after taking two bottles I am more than glad that I am well again. My age being seventy-three, I am more convinced of the excellence of Swamp-Root.

HARVARD MEN RESCUE 20 HORSES FROM FIRE

CAMBRIDGE, Mass., Nov. 17.—Harvard students were the heroes of a fire in the big building of the Bay State Fuel company here late last night, when they rescued twenty horses and saved the company many thousands of dollars. Students returning from a football mass meeting discovered the fire. Climbing through a window, the door of the big stable was opened and the animals led to the street.

GRANDMOTHERS USED SAGE TEA

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit. The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur hair remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers. This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented. If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what change it will make in a few days' time. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. NAT FREED FROM TANGLE BY FORMER WIFE

Edna Godrich and Actor Settle Financial Troubles Out of Court.

NEW YORK, Nov. 17.—A financial settlement between Nat Goodrich and Edna Godrich, his divorced wife and former leading lady, has been adjusted at last outside of court. Advice from the comedian to friends in New York to this effect were confirmed yesterday by the counsel on both sides of the case, but no one would disclose the amount of the settlement. An agreement was reached November 5 when the formal papers were signed by Miss Goodrich in the office of Herman Roth, and then were forwarded to Goodrich at Little Rock, Ark. After he had affixed his signature, the documents were mailed from Little Rock to Los Angeles, where they are now on file in the office of the clerk of the circuit court of California. The new agreement abrogates the deed of trust executed by Goodrich, which made Miss Godrich an equal partner of his income for life from real estate valued at \$500,000 and personal property in the way of securities, stocks and bonds, totaling \$190,000.

To Muffle Roosters.
LOS ANGELES, Nov. 17.—When a woman threatened to leave this city, unless her morning sleep no longer was disturbed by the crowing of roosters, the members of the legislative committee of the city council yesterday ordered the city attorney to draw up an ordinance which will retain all of this city's population by legislating against chattering. Mrs. Genevieve Dairymple, of 2350 24th Seventh street, complained to the council that her neighbors' roosters awakened her at dawn. She insisted that she did not believe the rooster a sacred bird nor thought he caused the sun to rise. She was certain, however, that the bird's

raucous voice made every one else get up and she rebelled. If the city council does not immediately check all roosters to have mufflers put on their exhausts," ran Mrs. Dairymple's complaint. "I shall leave this infested burg. The declaration of independence, the constitution, the city charter and the by-laws of the Tuesday afternoon literary and improvement society guaranteed to each and every citizen the inalienable right to sleep in the morning."

Cost of Living?
VIENNA, Nov. 17.—The annual convention of the Austrian National Association of Midwives has adopted resolutions affirming that the continuous increase in the cost of living is directly responsible for the appalling infant mortality now prevailing and that owing to insufficient nourishment of young mothers a large number of surviving children grow up into sickly and stunted men and women. While formerly the birth of a child in a family was regarded as an occasion of great rejoicing, it is now considered a calamity. Midwives declare that they are emphatically opposed to restrictions on the importation of foreign meat and to all taxes on food products at a time when the mothers of Austria are half starved.

Wants to Run
SACRAMENTO, Nov. 17.—Mrs. A. J. Johnson, the widow of a former state printer, has the distinction of being the first woman in Sacramento to announce her candidacy for a position upon the commission that will govern Sacramento when the new charter goes into effect next summer. She wants to be commissioner of education. Mrs. Johnson has devoted a great portion of her time to the consideration of topics connected with the schools and with the education of the young. She is thoroughly familiar with the schools having been at one time a teacher in the San Francisco schools. It was principally through her efforts that manual training was introduced in the schools of Sacramento.

Blames Affinity
STOCKTON, Nov. 17.—After twenty-two years of married life, Mrs. Laura E. Ivey yesterday began divorce action against Joseph Ivey, a lumber man of this city, charging him with extreme cruelty and with having an affinity. According to Mrs. Ivey's version of her domestic troubles, her husband was kind and considerate until he met a woman whose identity the plaintiff is unable to discover, and became infatuated with her. Mrs. Ivey avers that he immediately after meeting the affairist, his husband began to neglect his home and that finally he manifested his disgust with married life by shamefully abusing her.

Kiss Not Warning
SANTA MONICA, Nov. 17.—A warning against kissing games is contained in the November health bulletin of the Santa Monica public schools, now being issued. An instance of infection carried through the medium of "kissing games" played by school pupils is an illustration to enforce the warning.

Deserted; Sues
LOS ANGELES, Nov. 17.—M. E. Greenleaf, the second husband of Lucie Banning-Bradbury-Greenleaf, filed suit for divorce here yesterday on the grounds of desertion. Mrs. Greenleaf, who was married to the complainant September 12, 1906, eloped a year ago with Robert Ross, son of Federal Judge Edwin M. Ross, and they are now in Yokohama. Mrs. Greenleaf is the daughter of the late Phineas Banning, a wealthy California pioneer. While she was the wife of Bradbury in 1895 she eloped to San Francisco with Mr. Ross. The two were arrested and shortly afterward Ward committed suicide. Mrs. Bradbury then went to Chicago and effected a reconciliation with her husband, but they were divorced a few years later.

Remembers Coast
SAN FRANCISCO, Nov. 17.—No matter where she may be, Mme. Louise Tetrazzini does not forget San Francisco, which she says is her home. She received a tremendous ovation at the Philadelphia Wednesday night, the following telegram from her manager, which was responsible for her wonderful open-air concert in San Francisco last Christmas eve, being self-explanatory: "PHILADELPHIA, Nov. 16.—Tetrazzini opened her American tour here last night in 'Lucia' to the largest audience ever seen in Philadelphia. The audience went wild with delight and she received over twenty calls after the mad scene. She sends her love to the people of San Francisco and will be with them in April next."

Fritz to Quit
PHILADELPHIA, Nov. 17.—Fritz Schuff, the opera star, arrived in Philadelphia last night, and almost immediately after her arrival Manager Evans, her personal representative, announced that she never would again appear on the stage owing to an affection of the throat. It is understood that a disagreement between Miss Schuff and the management of "The Duchess," in which she starred, is the real cause of her visit to this city.

LEADING MAN, MISTAKEN FOR BURGLAR, IS SHOT
HOUSTON, Tex., Nov. 18.—Neil McCay, leading man with a traveling "Madame Sherry" company, was mistaken for a burglar early this morning and seriously wounded by Plain Clothes Officer Freeman Hill. McCay had finished his performance, eaten supper and with a friend walked about town. Taken sick, he stepped into an alley. Two officers approached. One drew a gun and said, "I want you." McCay thought them to be highwaymen and ran. He was shot in the thigh and his right leg shattered.

There is much feeling here against the officer and an evening newspaper editorially demands an investigation by the city and state. McCay may not be able ever to play again. His home is in New York. Most people who are old enough to know better are apt to wish that they were young enough not to—Chicago News.

DRUMMER FATALLY HURT BY BEGGAR
George R. Wickham Is Struck When He Refuses Alms On Street.

SALT LAKE CITY, Nov. 17.—George R. Wickham, a traveling salesman, whose headquarters are in San Francisco, was probably fatally hurt after he had refused alms to a beggar here last night. The beggar, an able-bodied man, struck Wickham several times, knocking him down. Wickham is in a hospital with a fractured skull. Fred Nelson is held by the police awaiting the outcome of Wickham's injuries.

PORTLAND, LAWYER A SUICIDE.
PORTLAND, Nov. 17.—Eugene Markley, a lawyer of this city, was found dead in bed here yesterday, an empty bottle, which had contained carbolic acid indicating the cause of death. Markley was recently divorced and his friends state that he had been brooding over his troubles. On a table beside the bed was a letter to his parents in Los Angeles, bidding them farewell. Markley was 45 years old.

How to Give Aged Skin Youthful Look
(From Magazine of Travel)
It is not longer necessary for a woman to show her age—even if she is old—because using a plain mayanone lotion will soon correct any complexion fault, and give to a blotchy, "muddy," prematurely aged or wrinkled skin, a pleasing smoothness and delightful tint, common to maidens under twenty. To make the lotion dissolve a small original package of mayanone in a half-pint witch hazel. Used daily as a massage, it quickly, yet gently, removes pimples, blackheads and fine lines and gives to it a charming texture and exquisite tint. The mayanone lotion not only corrects complexion faults by dispelling pimples, blackheads and oiliness, but keeps the skin clear, soft and velvety, without the assistance of powder.

Chickens AND Apples

Bring big returns when worked together on our Santa Rosa farms. We have the wonderful Gravenstein apple land, which has made Sonoma county famous. Come and see the Plymouth Poultry Farm. It is a wonderful sight; over 10,000 laying hens. We will show you many 5 and 20-acre farms highly improved and adjacent to our property. In fact, we will give you a complete demonstration of what our lands will do. The soil is of rich sediment character, "level," well drained and dotted with beautiful oaks; \$100 will start you on 5 acres. Our farms are but 15 minutes from Santa Rosa, in a settled community, good neighborhood, churches and stores nearby. Come and investigate our proposition. It means an ideal home for you and independence for life.

INTER-CITY SOCCER LEAGUE IS FORMED

ALAMEDA, Nov. 17.—An arrangement has been reached whereby an inter-soccer league is to be formed by the teams of the various east side playgrounds. The league players will be made up of the "big boys" of the city, and the first game is scheduled to be played Sunday. The grounds have not yet been decided upon. A pennant has been offered to the team winning the league.

OTHER TIMES—OTHER METHODS.
When our grandfathers married the family Bible was a necessity and a piano an ambition. The small round table in the front parlor window, being out of date, the family Bible has unfortunately vanished with the table. Not so the piano. It has become a necessity and necessity being the mother of invention Kohler & Chase have "invented" a wonderful club plan which should put a piano into every home.

MISS M. L. ELKINS DE GUIGNE'S BRIDE

Popular San Mateo Society
Man Weds at Noon in
Philadelphia.

PHILADELPHIA, Nov. 17.—One of the most interesting weddings of the season took place at noon yesterday when Miss Marie Louise Elkins became the bride of Christian de Guigne, Jr., of San Mateo, Cal. The ceremony took place at the Bervin, Eighteenth and Chestnut streets, where Miss Elkins has been living with her mother, Mrs. William Delaware Nelson.

The ceremony was witnessed by a few intimate friends. The bride was attended by Miss Katherine Donohue of San Francisco as maid of honor, while Frederick Feinberg of New York was best man. The bride was given in marriage by her brother, Felton B. Elkins.

Yesterday's wedding was the outcome of a pretty romance which began in San Francisco last winter, when Miss Elkins was formally introduced to society and where her grandfather, former Senator Charles N. Felton, resides.

Mr. and Mrs. de Guigne left for an extended wedding trip, and on their return will live in San Mateo. The bride, who is nineteen years old, has been very popular among the younger set of this city. She is a good horsewoman and fond of all outdoor sports. She is a granddaughter of the late William L. Elkins, a traction magnate, and an heiress in her own right, having been a million dollars from her grandfather's estate.

SUES COAL COMPANY FOR \$331,000 IN FEES

SAN JOSE, Nov. 17.—Demanding \$331,000 as commissions on sales of capital stock during the last three years A. B. Campbell, real estate broker and former candidate for sheriff on the Republican ticket, yesterday brought suit as attorney for Campbell, Foster & Co. against the Monterey Coal Company.

The complaint recites that by a written agreement entered into between Campbell, Foster & Co. and the coal company, on January 23, 1908, the former were appointed general agents for the latter for a period of two years for the territory comprised in Santa Barbara, Santa Cruz, Stanislaus, San Joaquin, Merced, San Benito, Monterey, Madras, Fresno, San Luis Obispo, Tulare, San Bernardino, Kern, Kings, Santa Barbara, Ventura, Los Angeles, Orange, San Diego, Mariposa, Inyo and Riverside counties. They were to receive 22 1/2 per cent from all sales of the stock. The plaintiff declares that his assignors and their agents have disposed of \$900,000 worth of stock at \$1 a share, and that there is due him as assignee as commissions \$331,000.

NEW STATE JOURNAL TO APPEAR IN MONTH

SACRAMENTO, Nov. 17.—The new journal which Horticultural Commissioner A. J. Cook, recently appointed, proposes to issue each month from his office will be published for the first time just before the California fruit growers' convention to be held in Santa Rosa, December 18.

Professor Cook has announced that the commission's secretary, E. O. Sessig, will be editor-in-chief of the journal and will be assisted by Field Deputy C. E. Merriam, Superintendent of the Insectary E. K. Carr and Quarantine Deputy C. E. Brown. Professor Cook also will contribute.

FEED YOUR MORALS, SAYS MRS. COOLEY

Even Hamlet Needed a Square
Meal, Declares Epigram-
matic Clubwoman.

NEW YORK, Nov. 17.—Mrs. Winifred Harper Cooley yesterday started the delegates to the seventeenth annual convention of the State Federation of Women's Clubs with an epigrammatic address on food. Mrs. Cooley is the daughter of Dr. Ida Husted Harper and national secretary of the Associated Clubs of Domestic Science.

"The quantity of food each individual eats is a quantity," declared Mrs. Cooley. "In a lifetime of seventy years a woman eats:

"Oxen—Thirty.
"Cows—One hundred.
"Sheep—Two hundred.
"Hens—Three thousand.
"Eggs—Twenty-four thousand.
"Bread, etc.—Four and one-half tons.
"The quality, therefore, ought to be looked into. Yet we devour our food colored with coal tar and poisons. Food adulteration is as old as history. It is born of graft and greed.
"Let us not be content with passing resolutions, but let us ascertain the facts of food legislation, expose the graft when found in high places, clean up our filthy bakeries, use our purchasing power and thus improve the health and morals of the nation."

Here are some of the startling epigrams with which Mrs. Winifred Cooley pointed her speech to club women:

"Health, private or public, depends on food.
"Morality depends on food.
"When we are hungry we 'see things.' We are not responsible mentally or morally.
"Hamlet undoubtedly needed a square meal.
"The starving man steals without compunction, and often commits murder.
"Many a drunkard is made so by sour dough.
"The doctors and the dietician are the priests of the future.
"New York City is the most vicious and immoral in this country because it lives in restaurants and delicatessens."

MANUFACTURER CHARGED WITH KILLING PICKET

PORTLAND, Or., Nov. 17.—Burt Hicks, a manufacturer and machine shop owner, has been indicted for murder in the first degree in connection with the killing on the night of November 2 of A. W. Wortman, a union picket.

Hicks' establishment had been under the labor union ban and he constantly was annoyed by pickets of the labor organization. On the night in question, it is alleged by Hicks, he was assaulted by Wortman and shot in self-defense. Wortman's friends claim that the shooting was uncalculated and that Wortman was not the aggressor.

FOUR KILLED IN COLLISION.

BUTTE, Mont., Nov. 17.—A collision between two Northern Pacific freight trains near Homestead, last night killed four railroad men. The wreck occurred between passenger train No. 174 and a work train three miles west of Pipestone, and it is believed to have resulted from a misunderstanding of orders. The wreck caught fire and the bodies were badly burned.

FEARED EPIDEMIC SPREADING FAST

Palo Alto in the Grip of Infantile Paralysis; State Experts Arrive.

PALO ALTO, November 17.—What is believed to be another case of infantile paralysis was discovered here yesterday, and the board of health has ordered closed all churches, moving picture theaters and similar public gatherings.

Dr. Frederick F. Gundrum, special investigator of the State Board of Health, arrived in Palo Alto this morning and took active charge of the situation. The schools, under order of H. C. Jenkins, city health officer, have been closed for an indefinite period. The two cases similar to those which caused two deaths last week are under surveillance.

The Stanford medical department has inoculated two monkeys with the infantile paralysis germs, and will investigate their behavior. The Stanford savants have been working upon the disease for two years.

Dr. Gundrum said yesterday that the disease, while contagious, is believed to be less prevalent in California now than last year. Only fifteen cases have been reported during the present calendar year. Last year there were 155.

No great fears are entertained upon the campus, and it is not believed that the university will have to close. Strict watch will be kept by the campus health authorities.

POLAR BEARS IN MOVING PICTURES

Captain Kleinschmidt Tells of
Perilous Trip to the
Far North.

TACOMA, Wash., Nov. 17.—With stories of roping Polar bears swimming among ice floes or charging a moving-picture operator, Captain F. E. Kleinschmidt has returned from the most elaborate series of photographs and motion films ever taken in the Far North.

Captain Kleinschmidt left the steamer Polar Bear at Seward to get views and pictures of moose and mountain sheep back of Seward. He assisted his partner, Louis L. Lane, and an Eskimau, who stood guard with rifles ready to shoot if necessary. Most of the game specimens will be sent to the Carnegie Museum at Pittsburgh.

Kleinschmidt goes next week to his home in San Francisco to put the finishing touches on his films. He said:

"August 12 we landed at Wrangell Island in the Arctic ocean, untouched by any vessel since the revenue cutter Rodgers stopped there thirty years ago. Here is where we saw twenty-four polar bears. We roped them ashore, in the water and on the ice floes. We got moving pictures of the ropings."

Captain Kleinschmidt here approached within fifteen feet of a big bear, which stood curiously watching a moving picture machine. He tossed a piece of walrus meat to the bear while the engineer turned the crank of the picture machine. The bear snarled savagely at the meat, then nosed it and then began to eat it. All of this went into the picture. Suddenly the bear raised his head, looked earnestly at Kleinschmidt and madly charged him just as the captain was on the point of snapping him with a camera.

"The boys on the schooner said they never saw anyone do a Marathon act as fast as I did," remarked Kleinschmidt.

ARMY IS REFUSED PACK OF HOUNDS

WASHINGTON, Nov. 17.—The army cannot maintain a pack of hounds to be followed in hunts, so that officers may improve their horsemanship. The controller of the treasury has so decided. The commandant of the mounted service school at Fort Riley, Kas., asked authority to expand not more than \$25 monthly for this purpose. It was refused by the secretary of war, with the statement that European armies engaged in this training and that there were no better way of promoting good horsemanship.

The controller maintained that there was no authority of law for the expenditure.

ROBERTSON TO SERVE REMAINDER OF TERM

At a meeting of the Oakland Rotary Club the nominating committee appointed to select officers for the organization proposed the names of those elected to serve under the old club. The course was rendered necessary by changing the name of the club from the Tri-City Rotary to the Oakland Rotary Club, and by the adoption of a new constitution and by-law.

The officers chosen to serve the remainder of the term, which expires August 31, 1912, include: President, Robert Robertson; vice-president, D. C. Perkins; secretary, D. C. Aronson; treasurer, N. P. Ellis; directors, L. E. Phillips, A. H. Schleuter, George S. Meredith, S. Samuels and G. C. Morgan. Each of the officers gave a short talk, outlining plans for the growth of the club, among which was a endeavor to get all the business interests not yet represented in the membership to join the organization. A list of these has been furnished to each member, together with a list of the membership.

WALKER PUTS O. K. ON OIL TRUST PLAN

Sherman Law Expert Says the
Corporation Is Obeying
Court's Decision.

NEW YORK, Nov. 17.—Albert H. Walker, author of the "History of the Sherman Law" and a recognized authority on all legal questions growing out of that statute, declared yesterday after he had carefully studied the Standard Oil Company's plan of dissolution, that it substantially complied with the decree of the supreme court.

He also disapproved in detail the bill drafted by Representative Robert L. Henry of Texas, chairman of the rules committee of the House, for strengthening the criminal clause of the Sherman law.

In a letter written to the congressman, Walker raps Representative Henry for his use of the word "trust" in his bill.

"The word has been used for many centuries in the law of England and of the United States to designate something right, but you use it to designate something wrong."

"It is true," he says, "that Rockefeller originally stole that liver of heaven to serve the devil in, but he discarded it away back in the nineteenth century."

PAGEANT TO END WEEK OF PRAYER

Oakland Y. W. C. A. to Hold
Festival at Home This
Evening.

As the finish to the annual worldwide week of prayer being held during the present week by the Young Women's Christian Association, the Oakland organization will hold a pageant at the boarding home on Franklin street this evening.

The various clubs of the association will appear in the costumes of the nations in which the organization flourishes, together with those in which there is an immediate prospect of establishing branches. Miss Alice E. Spence will represent the international head of the association, Lady H. H. Tritton, and Miss Myrtle Mills, the financial secretary of the local organization, will represent Miss Charles E. Spencer, the international secretary. Turkey will be represented by Miss Blanche Chamberlain, Russia by Miss Eva Williams, South America by Miss Mabel Bryant, China by the Glen Fa Club, Japan by Miss Mary Page, who will go to the country as a volunteer secretary the first of the coming year; India by Miss Maud Middleton, Italy by Miss Evelyn Chastean, Germany by Miss Moody, Holland by Miss Sally Skelly, Finland by Miss Blanche Comstock, France by Miss May Baudine, Australia by Miss Mingle Haxby, and the Mohammedan countries by Miss Loyce Howland. A series of three-minute talks on each of the countries in question will be given.

MOTHER AND BABE ARE CAUGHT IN BLIZZARD

BELLINGHAM, Wash., Nov. 17.—Caught on a goat trail eighty miles east of Bellingham, near the summit of the Cascades, in the Washington forest, by the blizzard which raged through the mountains for three days last week, Forest Rangers Ridley, Macuire, Monahan and Soli, accompanied by Mrs. Soli and a babe in arms, reached Bellingham yesterday in a pitiable condition from exposure and exhaustion.

Four days were spent in coming down the Upper Skagit valley over a trail usually covered in half a day to Marblemount. Here they rested up and doctored the frost bites, coming on to this city to report to the Forestry Bureau today. A temperature of 10 degrees below zero was experienced while they were wearing summer clothing, and all provisions carried were intended to last but one day and were made to last four days.

ROYAL SHIP NOT STRANDED.

LONDON, Nov. 17.—The admiralty received a wireless message yesterday from the steamer Medina, on which King George and Queen Mary are on their way to India for the Durbar, the message proving untrue a report that the steamer had stranded in the Mediterranean.

Clean pots and pans with GOLD DUST

Germes of decay accumulate on oft-used pots and pans, and ordinary soap and water only cleans off the surface.

Gold Dust does the work—and does it right. It digs deep after germs, cleans like a new whistle and leaves your pots and pans as bright as the day they were new—and sanitariously safe.

Gold Dust does this work in just half the time required by soap or any other cleanser. Does it better, too.

Gold Dust cleans everything like magic.

Do not use borax, soap, ammonia, soda, kerosene, or any other agent with GOLD DUST. GOLD DUST is a perfectly safe cleaning quality in a perfectly harmless and lasting form.

"Let the GOLD DUST THWART do your work"

Why Merely Listen When You Can Easily Play for Yourself?

There Is a Fascination in Personally Producing Music

THOSE who have not experienced the fascination of actually playing a musical instrument can not possibly appreciate it. It is a pleasure, unlike all others.

The Pianola puts this pleasure within the reach of every one. It gives immediate mastery of the piano to its possessor. No matter how little he previously may have known of music, it makes a real musician of him. It bridges the years ordinarily spent in learning how to play, and ushers him at once into the full joy of playing.

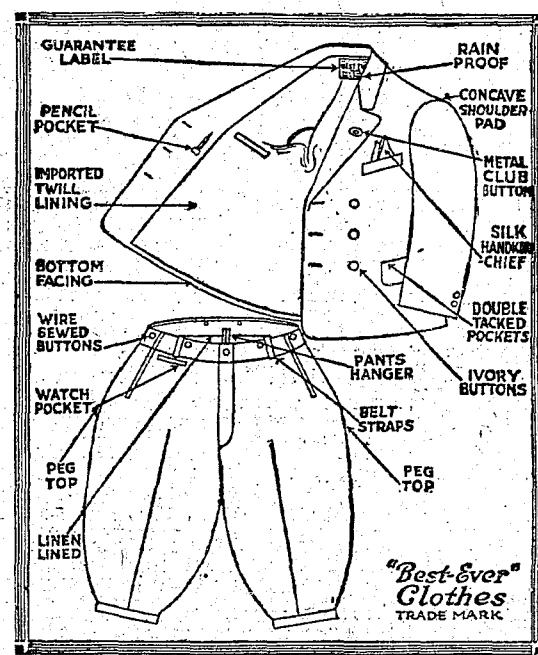

It gives him a greater technical skill and an infinitely greater repertory than any pianist possesses. And it shows him how to use his skill and this repertory so that even Paderewski himself says of a performance with the Pianola, "It is perfection."

There is no wonder that in the ten years just past, the Pianola has become the most popular musical instrument the world has ever known. We are Distributing Agents for these world renowned instruments—The prices start at \$575. Let us show you.

BISHOP DEFENDS DEBTS OF CHURCH

Declares Expense Has Been Incurred Because of Great Needs.

DENVER, Nov. 17.—Bishop James M. Thoburn, missionary bishop of India, was given the floor today at the opening of the session of the board of foreign missions of the Methodist Episcopal Church.

"The organizations which have contracted debts in India, on church or school property which have not been authorized by the board of foreign missions don't hold the foreign board responsible," he said, in defense of the restrictions imposed by Dr. J. M. Buckley yesterday, when he demanded a secret session in which to investigate the question.

"Some property has been purchased with a view to rise in value, as is done in the United States. Other debts have been contracted because the needs were so great in maintaining the work. In every case the property is worth more than the debts resting on it."

Applications amounting to \$10,000, 300 have been received by the board, and appropriations can only be made of a sum equal to the regular collections of last year, not counting in the special gifts. The collections thus available are \$1,073,997.99.

LINE TO COOS BAY ALREADY UNDER WAY

PORTLAND, Ore., Nov. 17.—Twenty brothers, railroad contractors, have been given a contract to build twenty-three miles of the Southern Pacific line from Eugene to Coos Bay. The price is said to be about \$600,000. The length of the entire road as now surveyed will be about 130 miles.

The contract covers the Eugene end of the line, and work was begun today, when two representatives of Twenty brothers returned to Eugene from a tour of inspection of the ground.

The force put to work yesterday was small, and their operations are confined to preliminary preparations. Within the present week, however, a large force of men will arrive to begin work.

LEWIS ENTERPRISES BANKRUPT

ST. LOUIS, Nov. 17.—Judge Smith McPherson of the United States Circuit Court late yesterday issued a signed order adjudicating the Lewis Publishing Company bankrupt. The case was taken to expedite settlement of litigation that has been before the court for two months in the shape of receivership proceedings.

DRESSES HENS IN COATS AND CAPS

Humanitarian Clothes Featherless Chickens and Is Rewarded.

COLORADO SPRINGS, Nov. 17.—Rather than see her chickens, which had moulted early in the winter, suffer from the cold, Mrs. E. Stoker of Colorado City has made neat fitting coats which button under the wings and has also supplied the chickens with soft flannel caps neatly fastened with dainty colored ribbons that tie under the beaks of the fowls.

The chickens strut about apparently comfortable and from all indications are proud of their clothes. Mrs. Stoker said today that the hens, just as their gratitude are laying eggs to their full capacity every day.

BONDS FOR \$100,000,000 ISSUED BY RAILWAY

LOS ANGELES, Nov. 17.—Stockholders of the Pacific Electric railway were in session one hour and 40 minutes yesterday and ratified the proposed bond issue for \$100,000,000. The issue is for the purpose of absorbing all outstanding bonds of the various corporations and traction systems involved in the recent merger of the Southern California interests of the Southern Pacific railway and for the betterment of the service.

One of the important steps to be taken by the new merged corporation is the construction of an additional 1000 miles of track, which when completed will connect Santa Barbara, San Bernardino and San Diego with Los Angeles, making the Pacific Electric the largest traction system in the world. Work on the proposed extensions is expected to be started at once.

MILLIONS TO BE MERGED IN BIG TIMBER COMBINE

SEATTLE, Wash., Nov. 17.—Articles of incorporation of the Pacific Coast Lumber Company, which is expected to include 60 of the 75 cargo lumber mills on the Pacific coast, are being prepared in the law office of former United States Senator Samuel H. Piles. Henry J. Pierce of Spokane is promoting the merger of the mills.

The mills in the merger manufacture 60 per cent of the lumber cut on tide water. This plan of organization restricts the merger company in its operations so that it can not attempt any of the acts forbidden by the anti-trust law. It is declared that property worth \$125,000,000 will be held by the corporation. The actual money invested probably will be \$35,000,000.

SENSE OF HUMOR SAVES SITUATION

In Letter to Tribune 'Alumnus' Takes Fling at Board of Education.

EDITOR, TRIBUNE: As you stated in your columns, the Board of Education has refused the graduating class of the Oakland high school the right to hold their exercises in an auditorium of sufficient size to admit of their having their relations and friends present. The stage in Chabot hall is only large enough to hold a small proportion of the graduates and the majority of the class, in whose honor the exercises are held, will be seated among the spectators. If they can beat the spectators to the seats.

Indeed, there is very little done to inspire a student to feel that graduation from the Oakland high school is an honor to strive for, and that the community in general, and his relations in particular, will have an opportunity to commend him for so doing.

By the grace of each succeeding Board of Education (generally preceded by a fight), the pocket-books of the parents, and the (and) father have been made to graduate class have to fittingly celebrate the culmination of its academic education.

But while Oakland progresses in every other way and spends money on improvements, the heavy hand of Economy always makes itself felt with annual regularity when the young people, whose parents, among others, are paying the members of the Board their \$10.00 per meeting, wish to graduate in a fashion somewhat more formal than if they were pupils of a correspondence school.

It is not many years since a graduating class, whose youthful exuberance refused to be downed by an unsympathetic Board, paid six dollars each, and rented the Macdonough theater for its graduation play, and the following evening had the honor to be presented with diplomas tied with ribbons, bought with their own money, and handed them from a waste-basket (this provided by the Board—Credit where due) by the president of the board, whose comedian efforts to pronounce the names lent a droll touch to the dignified occasion.

The refusal of the board this year to provide a suitable auditorium, with a stage a trifle larger than is necessary for a Punch-and-Judy show, was based on the grounds that it would not be dignified to graduate except in Chabot hall. One might readily imagine a more impressive scene to be possible than the girl graduates crowded on the stage in momentary fear of falling off and the boy graduates who, where visible, until called from their seats to hiding-places to receive their diplomas.

One would think, from the vehemence with which they are refused, that the supplications of the senior class were direct appeals for private contributions from the board, whereas their parents and other taxpayers have supplied enough funds to make a suitable graduation possible.

CALIFORNIA HAS 18,460 MORE SCHOOL CHILDREN

SACRAMENTO, Nov. 17.—Since last year California shows an increase of 18,460 school children, and an increase of 18,460 in population, according to Joe Wood, statistician in the office of the State Superintendent of Public Instruction Hyatt. The school figures are correct, the population figures just an estimate.

In 1910, according to Wood's data, 388,391 children attended the public schools of the state; in 1911 the attendance has been 386,851. The figures are segregated in three classes, those for children in the high school, the elementary schools and kindergartens.

In 1910 the high school attendance was 39,115, against 44,489 for 1911, making a gain of 6374; in 1910, the elementary school attendance was 322,361, against 324,959 for 1911, making a gain of 2,598, and in 1910 the kindergarten attendance was 6915, against 7767 for 1911, showing a gain of 852.

AMADOR MINE YIELDS MUCH VALUABLE COAL

SUTTER CREEK, Nov. 17.—The old Buena Vista coal mine was reopened recently under the supervision of W. R. Downs of Sutter Creek, who owns the property, and last Monday several tons of fuel were brought to this town from the mine. Many Jackson residents have placed orders for a season's supply.

Downs states that the bed of coal in his mine is over twelve feet in thickness, and indications are found all over that section of the valley which tend to show that the supply is enormous. More than forty tons were shipped to Stockton last week, and orders were received from firms at Galt and Lodi.

COUNTESS' ESTATE SUED BY LAWYER

Name of Late John Mackay Is Dragged in With That of Stavra.

NEW YORK, Nov. 17.—The names of several prominent persons, including the late John W. Mackay, father of Clarence H. Mackay, were mentioned yesterday in the Superior Court in a deposition by George A. Kessler, a wine agent, in a suit brought by Richard V. Dey, a San Francisco attorney, to recover about \$70,000 from the estate of the late Countess Stavra. The deposition was taken in the Hotel Ritz in London.

Dey was formerly guardian for Virginia Fair, who married W. K. Vanderbilt Jr. The money Dey is suing to collect he says he lent the Countess about ten years before her death. He has named as defendant her brother, Francis C. Tilley, administrator of her estate.

Tilley, after the death of his sister in Paris in February, 1910, brought the Countess' personal effects and jewelry to this country. Her jewels were seized by the customs officials, but Tilley proved that they were entitled to come in duty free as his sister was an American who died abroad.

TO PLEAD OUTLAW OF DEBT.

It is said that the defense of Tilley to the Dey action will be the statute of limitations, contending also that if Dey advanced the money to Countess Stavra in Paris, it was in his capacity as confidential representative of John W. Mackay, shortly before Mackay's death.

A claim that the Countess Stavra is said to have had against Mr. Mackay was presented to Clarence H. Mackay and may figure in the defense of the Dey suit.

Kessler, who knew the Countess for twenty years before her death, testified she had told him in Paris that she owed Dey about \$75,000. Kessler said:

"I told me that Mr. Dey advanced the money to her when she needed it and that she intended to pay it back, but the income prevented. She told me she had remembered him in her will."

Kessler said in reply to questions: "It was generally understood that Dey was connected with J. W. Mackay, and the Postal Telegraph Company, but I do not know whether Mr. Dey was confidential secretary to Mr. Mackay."

"The Countess lived alone when I knew her. I never saw her in the company of John W. Mackay anywhere in the United States."

As far as I know, Mr. Dey never acted as a go-between for Mr. Mackay and Mabel Florence Stavra."

IRRIGATION DISTRICT BONDS RULED LEGAL

SACRAMENTO, Nov. 17.—The Supreme Court holds constitutional the clause in the irrigation status of 1907 relative to the issuance of bonds by irrigation districts in a decision here. The case, known as the South San Joaquin irrigation district, which issued irrigation bonds. The case was carried to the San Joaquin Superior Court to determine the validity of the bonds. The decision of the lower court was favorable to the bonds.

MUST SERVE TERM.

SAN JOSE, Nov. 17.—William McAdams, a life-long friend, Nicholas Cupich, in the McAdams home in Gilroy on the night of February 12, will begin immediately his fifteen years' expiation of his act. The appeal has been dismissed the second time, charging McAdams with the killing of Cupich, was set aside today by Superior Judge Richards, and McAdams, after nine months in the county jail, will go to prison within the next few days.

ALMOST FRANTIC WITH ECZEMA ON HANDS

Began with Itching. Spread Fast. Fingers Fairly Bled. Cried Night and Day. Tried Cuticura Soap and Ointment and Was Entirely Cured.

"Eight years ago I got eczema all over my hands. My fingers were so itched until I almost drove me frantic. The eruption began with itching under the skin. It spread fast from between the fingers around the nails and all over the whole hands. I got a pair of rubber gloves in order to wash. I tried it spread all over the left side of my chest. A fine doctor treated the trouble two weeks, but did me no good. I tried night and day. I tried Cuticura Soap and Ointment, but without much success. The second day, and so on until I was entirely cured. The Cuticura Soap we have always kept in our home, and we were glad that it was a cheap soap in price and the very best in quality. My husband will use his skin medicine."

"I have always used Cuticura Soap and no other for my baby, and he has never had a sore of any kind. He does not even chafe at most babies do. I feel that it is all owing to Cuticura Soap for he is fine and healthy, and when five months old we were able to nurse him. It makes my heart ache to go into so many homes and see a sweet faced baby with the whole top of its head a solid mass of scurf, caused by the use of poor soap. I always recommend Cuticura, and nine times out of ten the mother will say she says, 'Oh I am so glad you told me of Cuticura.' (Signed) Mrs. A. Selby, Redondo Beach, Cal., Jan. 18, 1911."

Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each together with 32-p. booklet on the skin and treatment of the skin and scalp will be mailed free on application. FRESNO TO RUN BOAT ON SAN JOAQUIN RIVER

FRESNO, Nov. 17.—The local Chamber of Commerce has decided to run a steamer from Stockton to Skaggs Bridge Crossing, on the San Joaquin river, ten miles from this city. Freight will be shipped to local people direct from San Francisco by steamer to this point on the river, where it will be transferred to automobile trucks and brought into the city.

It is planned to purchase a river steamer, and to accomplish the desired result the Chamber of Commerce will stand half the expense. It is believed the steamer will be making regular trips up the river by the first of the year.

CORPORATIONS PROTEST EXTENSION OF POWER

SAN FRANCISCO, Nov. 17.—Representatives of a number of the light and power corporations of the state appeared before the State Railroad Commission yesterday and explained their objections to certain provisions in the proposed law giving the commission more power and increasing its jurisdiction to include incorporation other than transportation companies.

The principal objections as expressed at the session this morning was against that provision of the proposed law that has to do with the commission's power to exercise authority regarding bond issues and other capitalization matters of public utility corporations.

Legitimacy of Abraham Lincoln.

At the unveiling of a bronze statue of Abraham Lincoln in Frankfort, Kentucky, Colonel Henry Watterson, the veteran editor of the Courier-Journal, alluded to an ancient scandal respecting the birth of the great liberator and preserver of the Union, and took occasion to pay an eloquent tribute to his mother. With rare delicacy and feeling, he said:

"Shall that throng pass down the hillside and away without looking into the Heaven above in unutterable love and homage, with the thought of a spirit there which knew in this world naught of splendor and power and fame; whose sad lot it was to live and die in obscurity, struggle, almost in penury and squalor; whose tragic fate it was after she had lain half a lifetime in her humble unmarked grave, to be pursued by the deepest, darkest calumny that can attach itself to the name of woman; the hapless, the fair-haired Nancy Hanks?"

"No falseness, fouler story ever gained currency than that which impeaches the character of the mother of Abraham Lincoln. It never had any foundation whatsoever. Every known fact flatly contradicts it. Every aspect of circumstantial evidence stamps it a preposterous lie."

The family of Nancy Hanks were obscure mountain folk, and the lives of herself and her husband, Thomas Lincoln, were passed in obscurity on the frontier, hence it was not easy to refute a slander of the sort directed at Mr. Lincoln and his mother. Hatred of Lincoln inspired the invention of the calumny. The mother's chastity was impeached in an effort to stain the legitimacy of the son. It was a dastardly expedient to serve a dastardly purpose.

But while every decent man and woman will applaud Colonel Watterson's eloquent vindication of Abraham Lincoln's mother and respond to the thrill of noble indignation which pervades it, sentiment should not be permitted to draw our eyes from the scales in which moral values are weighed. Abraham Lincoln was not great because he was born in honest wedlock; he is not entitled to the reverence of mankind because his mother was a pure and noble woman. He would have been just as great a man as he was, and his services as worthy of honor and remembrance, had the stain of bastardy been on his birth. One would naturally regret the fact, if it were a fact, that a stigma attached to the birth of so eminent, so noble and useful a patriot, but no one who rates true worth at its real value would think one jot the less of Lincoln or detract one iota from the service he rendered to humanity and his country.

It was the man and not the condition in which he was born that is great. His deeds not the accident of birth made him worthy of reverence and honor; made him a luminous and enduring figure in history. No blemish of birth can dim the lustre of his character or the nobleness of his mind.

Malignance gnawed at the obscure grave of Nancy Hanks because her son was great and made himself immortal. But malevolence of this sort, however foul, contemptible and revolting, cannot injure the fame of the man at whom it is aimed. His fame is secure from such jackal assaults; his name is emblazoned across one of the most glorious pages of history; his illustrious achievements have armed his memory against calumny, and thrown into bolder relief the baseness of the wretches who tried to defile the grave of his mother. His strain was noble even if it should have flowed through a polluted channel. Let us not forget that it is not necessary to idealize the character and memory of his mother to award him the crown of immortality.

"A man's a man for a' that and a' that," said Bobby Burns. Whether begotten outside the marriage sacrament or in the bonds of holy wedlock, it is Lincoln the man that will be enshrined in the memory of posterity.

One of the most significant evidences of progress and prosperity in the old slave States is contained in a bulletin issued by the Agricultural Department, relating to highway construction in the United States. According to this bulletin, the Southern States expended \$44,000,000 last year in building good roads. Alabama spent \$3,404,000, Arkansas \$2,450,000, Florida \$1,505,000, Georgia \$2,500,000, Kentucky \$2,500,000, Louisiana \$1,132,354, Maryland \$2,250,000, Mississippi \$3,130,000, North Carolina \$4,505,000, Oklahoma \$1,305,000, South Carolina \$1,100,000, Tennessee \$3,900,000, Texas \$7,600,000, Virginia \$4,004,000 and West Virginia \$1,625,000. Up to a very recent period the roads in the Southern States were notoriously bad, except in certain districts in Kentucky, Tennessee and North Alabama, the public highways were of the very worst sort. During the last few years, however, a good roads movement has been inaugurated all over the South and many splendid highways of the most durable type have been built in the South Atlantic and Gulf States. Since 1900 several hundred millions have been expended on road construction in that region. The amount expended last year is proof that the movement has not been arrested, but on the contrary is pressing onward. So much road building argues the possession of means as well as enterprise.

Why Arizona Has No Seaport.

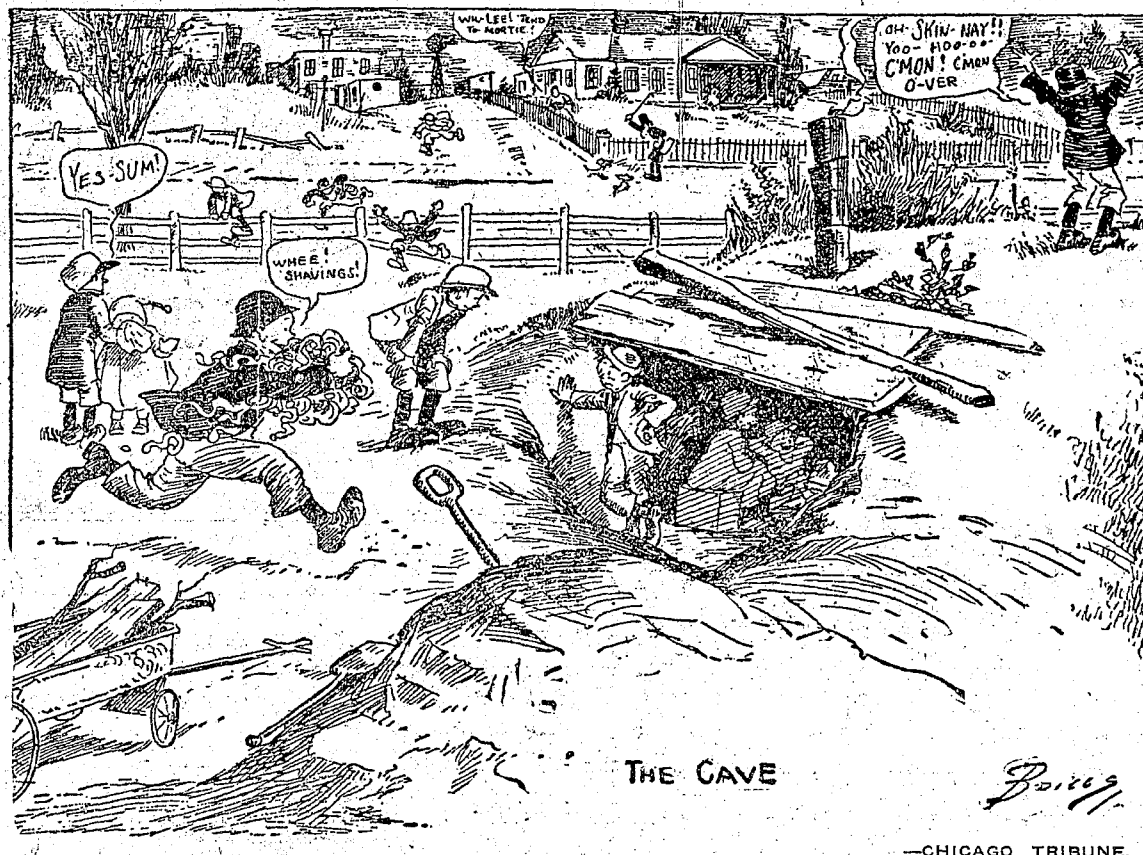

A remarkable ignorance of the history of the Gadsden Purchase is displayed in the newspaper comments on Arizona's desire for a seaport on the Gulf of California. The boundary between Mexico and the United States runs a few miles south of Yuma, leaving both banks of the Colorado river at its mouth in Mexico. A deflection of the boundary to the north is responsible for this condition. It is this deflection that cuts Arizona off from the Gulf of California.

It is assumed by the various journals discussing the efforts of the Arizonans to induce the United States government to acquire another strip of territory from Mexico that an oversight was made when the Gadsden Purchase was concluded. It is an erroneous assumption. The line was drawn purposely to allow the mouth of the Colorado to remain wholly in Mexico. Otherwise Lower California would have been cut off from Mexico entirely. It was to retain territorial communication between Lower California and the other sections of the Mexican republic that Mexico refused to cede the strip between Yuma and the gulf. Mexico consented to neutralize the Colorado river, but declined to make a cession that would cut Lower California entirely off from the Mexican mainland.

The matter was exhaustively discussed when the treaty of purchase was concluded. Mr. Gadsden, the American commissioner, strove very hard to get the strip between Yuma and the gulf included in the cession, but Mexico's insistence upon territorial connection between Lower California and the mainland was so clearly just that Mr. Gadsden finally conceded the point. When the treaty was before the Senate for ratification this question was again discussed. It was finally concluded that Mexico was right. Not only was she right, but it was within her power to refuse to sell us any territory at all.

Arizona wants the government to buy another strip that will give the new State a sea outlet on the Gulf of California, at or near the mouth of the Colorado. That Mexico will consent to the cession is most unlikely. If she sells the mouth of the Colorado she might as well sell Lower California along with it. We hardly think she will be disposed to part with any more territory. Compulsion is out of the question.

THE DAYS OF REAL SPORT

Those Atrocities in Tripoli.

The special correspondent of the New York Herald flatly contradicts the story that the Italian soldiers in Tripoli wantonly slaughtered old men, women and children. He admits that there was some killing of old men and women, and even children, but explains that it was incidental to the suppression of a treacherous attack the townspeople made on the Italian rear while the Turks and Arabs were trying to retake the city by assault. This is his version of the affair:

"I have seen old men, cripples and children skulking in the corners of narrow lanes or ambushed behind the shrubbery firing at the soldiers."

"Four men attached to the ambulance corps were killed near the cavalry barracks by two women who fired from a cottage opposite the barracks."

"A number of women were captured with cartridges concealed about their persons."

"I withdrew from a heap of dead bodies a child of 12 years, seriously wounded. I took him to the hospital. He belonged to a family that had made a barricade out of a heap of ruins, behind which all, even the women, had been firing along the Boumeliana route with the wildest savagery. This terrible nest of assassins was destroyed without distinction from a distance by the troops."

"Certainly the repression was severe, but the Arabs were guilty of the most repugnant forms of treachery."

"The Bersaglieri had often given their rations to the very persons who on October 23 sprang upon them. First to be attacked were the ambulances. The Arabs slew with fiendish cruelty the surgeons and their assistants, wearing the Red Cross badge, which was regarded as a sign of priesthood."

"All the members of the Rome ambulance corps fell in this way. After stripping the wounded the Arabs killed them and atrociously mutilated the bodies."

Furthermore, the Herald correspondent asserts that all the newspaper correspondents, except those for the New York World, the London Standard and the Berlin Lokal Anzeiger sympathized with the Italians and regarded the stories circulated to their discredit as malignant misrepresentations or downright falsehoods. It is evident that there are two sides to this atrocity business. At any rate, the Arabs were as guilty as the Italians and provoked reprisal by taking the initiative in murder and cruelty and by treacherously slaying non-combatants and hospital nurses. English and French soldiers were never known to stay their hands from punishment under similar circumstances. During the war of 1870-71 the Germans shot every civilian Frenchman caught with arms in his hands. Even women fighting against the invaders were not spared.

Having cut off the queue the Chinese revolutionists see no reason why they should not cut off the origin of the queue—the Manchu dynasty.

Twenty Years Ago Today

There was a man who said 'scat,' when we came to him and told him we had a holiday number in which we wanted to get him to advertise. 'I don't believe in holiday numbers,' said this wise one. 'They are false. I would rather spend my money in plain, every day papers. These fancy things don't strike me at all.' It was in vain that we told him that ours was not a mere fancy thing—that it had lots of solid stuff in it, which was all the more valuable, we hinted to him, for being presented in handsome shape.

We have a few pages left in our great holiday number, which will be issued December 19, 1911. Those who are left out will surely not be in it, but those who know a hawk from a hand-saw will apply for space to THE TRIBUNE of fiction or its solicitors, as soon as possible, that they may secure a first-class location.

Christmas comes but once a year. But 'the poor ye have always' with you.

The Camp of Woodmen that is being organized here promises to be a big success.

Mrs. George W. Handy and Miss Handy intend spending the greater part of the winter at their ranch, Glen Una, near Los Gatos. Miss Nellie Handy is, at school at Peralta hall.

THE TRIBUNE hopes that every poor child in all the wide city will be made glad of heart on Christmas day by the receipt of a present. It will do all in its power to bring about this desired condition of affairs.

SERMONS IN BRIEF

BELIEF IN IMMORTALITY.
(By Rev. Richard M. Vaughan, Pastor
First Baptist Church, Berkeley.)

Immortality is a truth with practical value. Faith in it, however, in many quarters is on the wane. Ernest Haeckel has just assured us that the human soul so-called is merely the function of a brain cell and that immortality is a myth. An increasing number of men are willing to speak of a psycho-physiological entity, but not of an immortal soul. The most pathetic lines in our times were written by Herbert Spencer in his hopeless old age concerning death. We are told that corporate immortality is sufficient, our influence persists when we have ceased to be. Anyway, it is enough to live a world at a time, if there is another world we can wait and learn.

Paul ends his chapter on the resurrection with a "wherefore." Immortality is a practical truth because it means freedom in life plans, devotion in service and hope in sorrow. The man who plans for forty or eighty years plans one way; the man who plans for the eternities plans another way. It takes wide perspective to give us right relative values. Immortality alone can enable us permanently to live for the spiritual realities. Reverence for personality inspire service. If we believe that we shall perish like beasts we shall live like beasts. When sorrow comes the only adequate comfort is the light which shines through the open door of the Father's house. Our friendships are ennobled by the consciousness that they can never end.

If it is helpful, it is true. In the long run only the true is helpful. If the universe has been thought through, if it is a universe good at its heart, then an idea as necessary as immortality is true. The basis of our faith in immortality is our sense of the world of the human soul. And for every man this sense of worth is conditioned by his own inner life. If we would believe in immortality we must live the immortal life.

Bachelor Musings

An ounce of sense today is far better than a pound of regret tomorrow.

A woman who doesn't feel ashamed in a rainstorm of what simply has to happen comes very near to being a work of art.

The less a woman can be proud of her husband the more she seems to be able to be proud of how her boy looks like his father.—New York Press.

COST OF RUNNING GOTHAM

The announcement that New York's budget for 1912 will be \$187,000,000, coupled with the fact that the debt of that city is \$658,949,328, shows the staggering proportions to which the cost of running modern cities of the first rank may grow. This \$187,000,000 which the New York city government will have to spend next year is nearly double what it costs to support the army, which this year was \$85,440,557. It is \$50,000,000 more than it costs to run the navy for a year, and more than \$150,000,000 over what it costs to maintain the legislative, executive and judicial branches of the national government. The debt of New York city, seven times as great as that of any other American city, is \$35,000,000.

While New York is absolutely first and unique in the gigantic figures of its expense account, it has something substantial to show for this apparent extravagance. During 1910 it spent \$35,417,145 for new public works, about half of this being for public service enterprises such as new subways, schools and extension of water system. It is creating a water system which will cost \$160,000,000, its bridges have cost to date \$78,000,000, and its public schools are valued at \$125,000,000.—St. Louis Post-Dispatch.

GERMS IN HER SYSTEM

Every Woman Should Read
This Advice and the Generous
Offer That Goes With it.

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women say there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Reckall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Reckall Mucu-Tone on your system. It is not a secret remedy, or for any reason not satisfied, simply tell us and we will hand back your money. Reckall Mucu-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can obtain Reckall Remedies only at The Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

WELSH LADIES' CHOIR TO SING IN THIS CITY

MADAME HUGHES THOMAS.

The members of the Royal Welsh Ladies' Choir will appear at the Scottish Hall on Thanksgiving afternoon and evening, November 30. This choir is unique, being a fully equipped collection of women singers, with Madame Hughes-Thomass as leader, who has been remarkably successful as a teacher of music. The choir has several unusual soloists, Miss Marianne Squire, Miss Megan Harris, Miss Alice Lewis and Miss Nansi Langdon having very beautiful voices.

REDDING SAVINGS BANK EXPERIENCES NO RUSH

REDDING, Nov. 17.—The First Savings Bank of Shasta County, reorganized by Alden Anderson, resumed business yesterday after being closed since March 27. Deposits amounting to over a quarter of a million dollars were subject to the call of over 100 depositors, but there was no rush and at the close of the first day's business the books showed \$3700 in deposits and \$2855 withdrawals. Alden Anderson and Cashier E. L. Bailey were well pleased with the result.

The savings bank was closed in March, though solvent, because its management was the same as that of the Bank of Shasta County, which failed March 25. None of the loans made by the savings bank will be called in, and business will proceed just as though nothing had happened.

Money is on hand to pay the depositors of the Bank of Shasta County, a 75 per cent dividend as soon as Bank Superintendent Williams gives the word.

CHICAGO FIRMS TO GIVE \$2,000,000 TO EMPLOYEES

CHICAGO, Nov. 17.—If plans now under formation are carried out, Chicago corporations, banks, department stores and leading industries of every kind will distribute this year nearly \$2,000,000 to their employees as Christmas gifts. "Within the next few weeks the matter of giving employees presents of money as a Christmas remembrance will be taken up by scores of board of directors.

Nearly every large firm will distribute gratuities with a more lavish hand than ever. Among the leaders in this line last year were the International Harvester Company, which distributed \$500,000 in profit-sharing dividends; Armour & Co., \$300,000 in raising salaries; while all the banks gave gold pieces. The stores will give turkeys, clothing and money.

RAISES \$48,237 IN DAY.
SACRAMENTO, Nov. 17.—The committee in charge of raising funds for the proposed \$150,000 Young Men's Christian Association building yesterday succeeded in securing almost a third of the amount desired for the first day's canvass of the city. The sum of \$48,237 was secured from citizens, and it is believed that no difficulty will be had in obtaining the full amount.

WILKINS AGAIN GIVEN REPRIEVE

Convicted Slayer of Wife Has
Date of Execution Post-
poned Till Dec. 15.

SAN QUENTIN, Nov. 17.—Mark Wilkins, the Alameda county man sentenced to death for the murder by poison of his wife, who has been reprieved numerous times since his arrival at the state penitentiary here August 28, 1908, has again been given a stay of execution. He was to have been hanged today, but the execution has now been put off to December 15, 1911.

NEW ASTEROID IS SNAPPED.
CAMBRIDGE, Mass., Nov. 17.—The Harvard observatory has been notified by the Rev. Joel M. Metcalf of Winchester that he had photographed an asteroid which appeared to be new. The local observatory last evening confirmed the discovery. Tonight it has passed into the constellation Pisces.

Stubborn Colds May Lead to Consumption

Did you ever have a cold that would not let go; a cough that persisted, that prevented sleep and made waking hours miserable? Eckman's Alternative is the proper remedy in such cases. Perhaps some simple medicine may be effective where it is only a tickling in the throat, but when your chest is sore and simple remedies don't answer—then take Eckman's Alternative. Neglect often leads to more serious trouble, a case in point follows:

"Gentlemen: In July, 1905 I first noticed the conditions that showed I had Consumption. I lost weight rapidly, had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alternative. In the fall of 1905 I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. I will gladly express the merits of this medicine to anyone."

M. L. GERHARDT.
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in head and eye troubles. Does not contain poison, opium or habit-forming drugs. For sale by The Owl Drug Co., and other leading druggists. Ask your doctor for a box, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

JOHN TAIT GROWS SEEDLESS LEMON

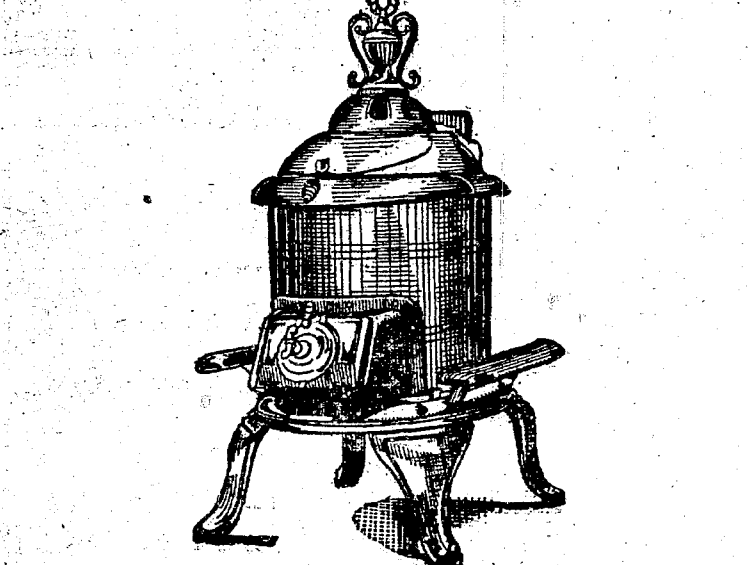

The San Francisco Cafe Man
Proves There Is No Monopoly
in Fruit.

SAN FRANCISCO, Nov. 17.—The government report that the ranch of I. E. Bush at San Bernardino has a monopoly of seedless lemons was disproved by John Tait, a local cafe man, who brought to this city lemons of the same variety and of apparently the same stock from his ranch in the Santa Cruz mountains. Tait said he was given a slip, which is now a large tree and a heavy bearer, twelve years ago. This slip came from a tree that had been transplanted from Italy to San Bernardino trees are of Italian origin, according to Bush, who had been assured by government scientists no such fruit was to be found in the old world.

HOPPER'S EMPLOYERS BROUGHT NO CHARGE

SANTA ROSA, Nov. 17.—At the conference between Attorney J. Rollo Leppo and W. Thomas Hopper, the young banker who committed suicide here on Tuesday evening when accused of writing anonymous letters, the officials of the Santa Rosa Bank were present out of courtesy to both parties. They never accused Hopper of anything, and his integrity is unquestioned by them. Hopper insisted on having the conference with Attorney Leppo, saying that he desired to make a statement on the matter of the anonymous note, which he realized he had been suspected of writing.

MURDERER'S FATE NOW
IN HANDS OF JURY

SAN FRANCISCO, Nov. 17.—The case of Angelo Lombardi, charged with the murder of Eugene Basso, was submitted to a jury in Judge Lawlor's court this morning, but up to 2 o'clock this afternoon no verdict had been rendered. On the night of June 18 a dance was in progress at the new California Hotel, 2339 Mason street, and it is alleged that Lombardi and a man named Joquino, entered and engaged in the fun. The pair soon became engaged in an argument, and whipping out revolvers, fired promiscuously. Basso and a companion fell wounded, and the former died of his injuries. The police arrested Lombardi and charged him with murder, but Joquino, his alleged companion, was never caught.

DIPSOMANIAC RELEASED
ON WEEK'S PROBATION

William Jones, former inspector on the Telegraph avenue street car line, charged as a dipsomaniac by a relative, Henry T. Jones, was released this morning by Superior Judge Wells on one week's probation. He was warned that infraction of an order against further indulgence would result in his confinement in a State institution, and Jones promised the court that he would put forth every effort to reform.

INJURED IN FALL

SAN FRANCISCO, Nov. 17.—George Mills, a carpenter of 3754 Twenty-first street, fell from a building at Nineteenth avenue and K street and was dangerously injured. He was taken to the Park hospital and later to the Central Emergency hospital.

MAID TO RESUME STORY
OF J. J. MOORE TROUBLES

Miss Behrmann Will Be Called to Stand
in Redwood City When the Case Is
Resumed Monday

REDWOOD CITY, Nov. 17.—Attorneys engaged in the J. J. Moore divorce battle spent today picking up the loose ends of the case and preparing for its resumption at 10 a. m. Monday. The recess will give Mrs. Lillian L. Moore, who accuses her husband of innumerable cruelties, a chance to recuperate after her collapse yesterday. Moore's story was resumed Monday when the case resumed Monday. Miss Margaret Lena Behrmann, who has been in Mrs. Moore's service as maid for the last year, will be one of the most important witnesses for the complainant. Through her testimony Mrs. Moore's attorneys hope to establish many of the charges of cruelty set forth in the complaint. She was only on the stand a half hour yesterday when the court adjourned.

Miss Behrmann, who had been previously mentioned in the case as Lena, told of many of the struggles between the husband and wife. LIQUOR SCHEDULE. Miss Behrmann testified to the liquor schedule of the Moores. Moore drank a pint of champagne at dinner on weekdays and a quart on Sundays. A decanter of liquor which Lena called "Scotch," was filled every other day and emptied as often, presumably by Moore, for she said Mrs. Moore never drank whiskey, only a little red wine. F. M. Fenwick, whose name has figured in the plan of the Moore divorce case, has issued the following statement: "As soon as I was informed that my name was mentioned in the Moore divorce case I left my business interests in Mariniposa county, and hastened here to place myself at the court's disposal. I am told that false and malicious statements made in legal proceedings are privileged, and, therefore, I have no legal remedy against this assassination of my character. But I earnestly pray that my friends and associates the duty of meeting these vicious slanders, and I have come here seeking an opportunity of showing their utter falsity."

RULING IS SURPRISE. The lawyers on both sides of the Moore case were genuinely surprised yesterday at Superior Judge Buck's rulings touching the wife's cigarettes and the husband's money. The judge's surprising rulings: do not care whether Mrs. Moore smokes or whether she does not. She can smoke all day if she wants to. That is her business and not the court's. "As far as I am concerned, Moore can give away 10 cents or \$1000. He can give his money to whom he likes. I do not care whom he gives it to. It is his own money and he can do with it as he desires."

The occasion for the cigarette ruling, was the attempt of E. B. McClanahan, attorney for Moore, to show that Mrs. Moore was not a good and dutiful wife because she smoked too much. Mrs. Moore had declared that she smoked on every very few occasions, and had admitted that she had a cigarette case that was given to her by her husband, when Judge Buck interposed. As to Moore's open-handedness, Mrs. Moore had been explaining that the cause of the row of September 24, last, was the Moore's home was the refusal of her husband to give her money for a vacation. She said she had given him the money, and he had given it to her. SMILE WHEN YOU
CALL OUT 'SCAB'

Then You'll Not Be Guilty of a
Crime, Rules Oregon
Judge.

PORTLAND, Nov. 17.—The word "scab," applied quietly and with appropriate decorum by a striker to a strikebreaker, is not abusive and therefore no crime. If applied forcefully and "with an invective manner," however, it becomes a crime. This distinction is made by Municipal Judge Tazewell of this city in explaining that an acquittal, yesterday was not in conflict with a conviction a fortnight ago. In the first instance a striking machinist was ruled to have committed a crime for calling a strikebreaker at a Harbinger railroad shops 2 "scab." In the latter case a picket who applied the epithet to the foreman of a force of strikebreaking waiters, was declared to be innocent of any crime.

CARTER ENTERS
PLEA OF GUILTY

Will Be Sentenced Tuesday for
Theft of Watches in
This City.

H. F. Carter, one of a trio of youths arrested two months ago for having robbed the jewelry store of W. H. Jenkins, taking several watches from a case in broad daylight, pleaded guilty before Superior Judge Wells this morning and he will be sentenced next Tuesday.

Carter, accompanied by Frank Brittain, alias Behan, and Harry Brooks, both 13 years old, entered the store, and while one of the boys engaged the attention of the clerk, the other two made away with the watches. Both Brittain and Brooks pleaded guilty three weeks ago and was sentenced to the Preston school for the remainder of their minority. Carter, who has a past record in Eastern cities, will probably not fare so easily, but will likely receive a prison sentence.

SWANN, PENMAN,
RELEASED ON BAIL

Inform the Judge He Hopes to
Write a Novel Some
Fine Day.

SAN FRANCISCO, Nov. 17.—John Swann, one of the ready pen and thrust for notoriety, whom the detectives at first believed to be a thirty-year-old murderer, was released on bail in the police court this morning. "I hope some day to write a novel," he informed the judge. "I have an awful desire for notoriety and publicity. I like to be where people will talk about me."

Swann is accused of robbery and the court this morning fixed bail at \$300. WARRANT ISSUED. SAN FRANCISCO, Nov. 17.—A warrant was sworn to in the police court this morning against J. H. Bey, on a charge of passing a fictitious check for \$440. The complainant is J. H. Knight of Berkeley.

FLOWERS CROP UP
IN DIVORCE CASE

Wife Says Her Trail from Home
to Court Is Bordered
With Them.

SAN FRANCISCO, Nov. 17.—Fragrant, sweet-smelling flowers, usually the token of love and affection, were used in an endeavor to steal away the regard of Maud F. Koppitz by her husband, Eugene Koppitz, according to a divorce complaint filed here this morning. Koppitz is a miner in Tuolumne county and took his bride in 1909 to live at Quartz. She alleges that she found flowers on the doorstep after day without any card attached, and alleges that she discovered later that they were sent her by her husband, whom, she claims, wished her to believe that they came from another man and thus place her in a position where he could have good grounds for a divorce.

ORGANIZE GOOD ROADS CAMPAIGN

Washington Township People Want Boulevard Extended to San Jose.

MISSION SAN JOSE, Nov. 17.—At a meeting of the representatives of all the Chambers of Commerce in Washington township, an association to further the movement for the extension of the foot-hill boulevard from Hayward on to San Jose was started.

The organization will be known as Mission San Jose Foothill Boulevard Association of Washington Township. Henry Lachman, proprietor of the Palmdale estate, was chosen president of the new association, and J. T. Jansine secretary.

The first meeting of the association will be held Saturday night at Centerville, when plans will be made to lay the proposition before the Oakland Chamber of Commerce, the San Jose Chamber of Commerce and the Boards of Supervisors of both the counties interested.

The towns represented in the association are Irvington, Niles, Mission, San Jose, Decoto and Centerville.

FAMOUS OLD WARSHIP TO BE PUT ON BLOCK

SEATTLE, Wash., Nov. 17.—The famous old war ship Nipsic, which survived the San Juan hurricane and which for many years has been the prison ship of the Puget Sound Navy Yard, has been condemned as insanitary and will be sold at auction and broken up. The Nipsic is built of wood and contains much valuable oak and walnut, as well as copper and brass trimmings. The Nipsic is to be succeeded as a prison ship by the cruiser Philadelphia, built in 1888.

WIDEN LIMITS OF SOUTH BERKELEY

Association Offers Membership to Merchants From Hills to the Bay.

BERKELEY, Nov. 17.—To widen the territory covered by its membership, the South Berkeley Merchants' Association has thrown open its doors to business men between Prince street and the southern city boundary and between the hills and the bay.

Plans for the first annual banquet next Tuesday night in Lincoln hall have been completed by a committee composed of A. Wright, chairman; H. L. Beach, M. C.; McLeman, Rev. Guy D. Youkum, Thomas Taylor, O. B. Caldwell and Dr. M. M. Rowley.

FAVOR REGULATIONS OF MATRIMONY BY CONGRESS

UNIVERSITY OF CALIFORNIA, Nov. 17.—Speaking on the affirmative of the question, T. O. Wallace and J. B. Johnson defeated G. G. Pierce and Oswald Spier in a debate at a meeting of the Freshmen debating Society Wednesday.

The question under discussion was: "Resolved: That an amendment to the constitution be adopted giving Congress exclusive power to regulate marriage and divorce in the United States." A general discussion among the members of the society followed the debate.

CARDINAL AND U.C. TO MEET ON LINKS

The First Intercollegiate Golf Contest Will Be Held Saturday.

UNIVERSITY OF CALIFORNIA, Nov. 17.—C. L. Butler and Kenneth Montague will represent California in the first intercollegiate golf match which will be held with Stanford University links of the Claremont Country Club Saturday morning. Butler will enter as first man and Montague as second, the former having defeated the latter yesterday in the challenge match of golf tryouts. Butler won by 3 up and 2 to play.

Stanford has not yet announced her representatives, and owing to the informality of the contest her entries will not be required until the time of the play Saturday. President Dunham of the Cardinal association is slated as number one man for the Cardinal team.

The contest will consist of one foursome and two twosome matches. The former will commence Saturday morning at 10 o'clock, while the other two will be played in the afternoon commencing about 2:30 o'clock.

Play will be over the links of the Claremont Country Club, which has been extended for the match by the board of directors. The kindness of this body is greatly appreciated by the golf association, for not only have the links been given for the intercollegiate match, but during the past two weeks their use has also been extended to the Blue and Gold men for their tryouts.

No admission fee will be charged to the contests with Stanford. Strict golf etiquette is to be observed, to prevent hindering the matches.

SALOON LICENSE SYSTEM SCORED

Berkeley Divine Calls Use of Revenue by Government "Refined Cannibalism."

BERKELEY, Nov. 17.—The use of saloon money for the building of school houses and other public institutions was condemned by Rev. H. J. Loken, pastor of the First Christian church, in an address before the Berkeley W. C. T. U. Wednesday afternoon on the subject, "The Civic Aspect of the Liquor Traffic." He called the practice "refined cannibalism."

Rev. Loken said in part: "When we realize that we have social institutions which are wedded to vice and immorality we are convinced that something else besides individual rescue work is needed. The churches have been blinded to the real problem of the social aspect of their work against vice. We must strike at the institutions which produce the vice if we would accomplish effective results."

"It is a pertinent thing to talk about the saloon because of its thousand fold ramifications into every department of life. It is especially fitting at this time because of the recent enfranchisement of women."

"The saloon is a difficult problem; because of its financial aspect. Into the treasury of the country pours the great revenue in the shape of taxes, etc., this making it a great economic and civic factor."

"The use of school houses, paved streets, public improvement, etc., are paying for them in the life blood of our manhood and youth?"

"This is merely the economic side. We know that men and women cannot be reckoned in cold dollars and cents. Try to get a man or woman who is a character and life is like killing the goose which lays the golden eggs."

"Those nations are greatest which have produced the highest civilization. Our country in the future will be counted great not so much for her material wealth and achievement as for the strength, integrity and nobility of her men and women."

'IN OLD KENTUCKY' IS SAME THRILLER

Performance of Famous Play Seen at Macdonough by Big Crowd.

"In Old Kentucky" is back in town. Same old pickin' time, same old darkey "uncles," same old villain and hero and "little wild flower of Kentucky," same old horse race which saves the fortunes of the hero, and same old thrills of pleasure and excitement that have greeted this play year after year through all its eighteen seasons of life. And judging from the reception the play got last night at the Macdonough where it came to make a visit of three nights and a matinee, it is not an altogether extravagant prophecy to say that we may have it with us again, possibly for another eighteen seasons.

Any play that can draw the liveliest sort of hordes for the villain from all over the house, in addition to good, sincere applause is likely to run on for a good many years yet before it goes to that final resting place of even the best of plays, the store house.

As for the presenting company, in some particulars it is just as good as it has ever been. Surely the darkey boys who have such a great time in the second act couldn't have been improved upon, and for the real live chickens which also graced this act, there was the height of naturalistic acting for you.

IN KEEPING WITH PLAY. If these two classes of performers carried off the honors of the evening, it was only because they were entirely in keeping with the best in the play, its simplicity and unpretentiousness. And the other members of the cast who kept that freshness of human nature uppermost, particularly Burt G. Clark, the original Colonel Kentucky Doelittle, who the play who made even the old-fashionedness of the asides and the stiltedness of the dialogue seem just a bit of quaint fragrance like the tang of the Colonel's mint Julep.

"In Old Kentucky" may be old—and for the writer it is all of sixteen years since its first seeing, with two other witnesses sandwiched in during the intervening years—but it seems to be a bit like another of the good things which come from that land of the blue grass, Bourbon, as Colonel Doelittle would say, "Every repetition suggests another."

NEW CLUBHOUSE WILL BE OPENED

Claremont Improvers Plan Big Housewarming; Wires Are Changed On Avenue.

BERKELEY, Nov. 17.—At the last meeting of the Claremont Improvement club a special committee was appointed, consisting of George N. O'Brien, Dr. Atwood and J. George Moore, to join with the women of the Claremont club in making arrangements for the opening night of the Claremont club house and housewarming. The new club house has been erected by the Claremont Assembly company at the cost of approximately \$10,000. The housewarming will take place early in December.

The attention of the club members was called to the fact that all the service wires, the telephone, electric and power lines which hitherto had been distributed on the other side of Claremont avenue were now strung along one set of poles thus clearing one side of the avenue of the unsightly timber.

STANFORD HAS MASCOT THAT MAY HELP SOME

STANFORD UNIVERSITY, Nov. 17.—A Japanese war god four feet high, painted cardinal and holding a battle-axe in his upraised hand, has been presented to Stanford students by H. Crocker, a student of Stanford. Crocker found the idol in a Japanese temple.

The new mascot arrived Saturday after a rough voyage on the Chio Maru and was brought down to the campus in an automobile.

The mascot, ax and all, will be installed in the new student clubhouse.

LADIES OF THE G. A. R. TO HOLD RUMMAGE SALE

The Ladies of the G. A. R. will hold a rummage sale, 802 Washington street, near the Free market, all day Saturday, November 18, commencing at 10 a. m. The ladies of John B. Wyman Circle, No. 22, G. A. R., are directly in charge of the sale and many attractive and useful articles will be offered.

The committee in charge is composed of Mrs. Jeannette Lott, chairman; Mrs. Joseph Ketcham and Mrs. H. Levy.

Kahn Bros. Our Annual Thanksgiving Linen Sale Is Now In Progress

Smart Man-Tailored Suits

That Are Worth to \$27.50 On Sale Beginning Tomorrow at **\$18.00**

This sale is the sequel to a shrewd spot cash purchase from a New York manufacturer who had become disheartened by the persistency with which warm weather has clung on this season.

The Suits are fine. They are strictly man-tailored, and plainly show that they were built by master craftsmen. The fabrics are rich broadcloths, serviceable serges and those mannish cloths that wear almost like iron. Some are in ink blue—some in black—some in brown—some in gray—some in pretty mixtures. The models are the most successful ones of the season. Among them are strictly tailor-made and novelty styles.

The least you can save is \$5.00. Fully a fifth of the suits are worth \$9.50 more than the sale price.

These Horses to Have Own Drinking Cups

Los Angeles Veterinarian Takes Steps to Stop the Spread of Glanders.

LOS ANGELES, Nov. 17.—Individual drinking cups for horses will be a reality in Los Angeles if a recommendation by the Los Angeles board of veterinary surgeons is carried out. Watering troughs are breeding places for glanders, says the veterinarians. According to their report, within the last few weeks several hundred horses have been destroyed for glanders in the district between Santa Barbara and San Diego. The report, it is said, is a driver of a team to provide himself with a bucket from which his horses and no other may drink.

COUNCIL COMMITTEE WILL MEET TONIGHT

ALAMEDA, Nov. 17.—The council committee will meet this evening to go over the business to come up at the regular council meeting next Tuesday night. One of the matters to be considered is the proposed widening of Encinal avenue in the eastern portion of the city. The instructing of the electricity commission to proceed with the installing of electric lines in district No. 1 will also likely be a portion of the business transacted. C. F. Adams submitted the only bid for the work, bidding a lump sum of \$7500 or 22.3 cents per front property foot. The city has the right to do the work itself, it meets the price of a competing private bidder and it is announced that the city will probably shade the Adams price a trifle.

VARSITY BOYS DANCE ON SPEEDING CHARGE

BERKELEY, Nov. 17.—Instead of holding the customary football banquet this year, the varsity football men are to be entertained at a formal dance at the Claremont Country Club. The following committee has been appointed to take charge of the event: B. A. Swartz, chairman; H. H. Phleger and W. N. King.

OAKLANDER ARRESTED ON SPEEDING CHARGE

ALAMEDA, Nov. 17.—R. E. Salter, an official of the Oakland Traction Company, was arrested on Park street yesterday on a charge of speeding his auto. Detective George H. Brown, who made the arrest, says that Salter was going a 40-mile clip when halted. Salter was released on his own recognizance and told to appear in court tomorrow morning.

UNION THANKSGIVING SERVICES ARRANGED

BERKELEY, Nov. 17.—Protestant congregations of Berkeley are to unite in a Thanksgiving service at St. Mark's Episcopal church on the morning of Thanksgiving day, November 20, according to arrangements being made by the Berkeley Federation of Churches. The sermon will be preached by Rev. H. R. Miles, pastor of the First Congregational church.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

SOCIETY.

MISS KATE FIELD will be the guest of honor at a Sunday night supper which Mrs. H. L. A. Bates will give, and which will be a delightfully informal affair.

This afternoon Mrs. Augustus Waterman was hostess for Miss Field at a pretty appointed tea.

Numerous other affairs will be given later for this popular Berkeley girl. One of the most enjoyable functions of the season was given yesterday when Mrs. Walter De Martin was hostess at an elaborate bridge party attended by many fashionable bay city folk. Mrs. Henry J. Sartori was the especially honored guest, and some stunning gowns were exhibited.

Mrs. De Martin's home on Chetwood street is very handsome and well adapted to entertaining.

TO GIVE HOUSE WARMING.
Mr. and Mrs. Raymond A. Perry have sent out cards for a reception in the form of a housewarming which they will give at their new Claremont home, Brookhurst, on the evening of November 28. The function will be a social event and will be attended by large numbers of bay city folk. The Perrys have recently returned from Honolulu, and the housewarming will be the first large affair given since their return.

TO RETURN.
Mrs. A. S. Macdonald, who has been spending the fall on the Atlantic coast, will return to her Vernon Heights home in about a week.

LA PALOMA ASSEMBLY.
La Paloma Assembly meets tonight at Maple Hall and an enjoyable evening is anticipated. The decorative color scheme will be pink and white. About two hundred invitations have been issued. Among those who will attend will be Mr. and Mrs. Frank L. Taylor, Mr. and Mrs. Lester E. Hackett, Mr. and Mrs. Ernest C. Knox, Mr. and Mrs. Herbert S. Stout, Mr. and Mrs. Frank L. Hopkins, Mr. and Mrs. Harry S. Chambers, Mr. and Mrs. E. A. Verby-Schmidt, Mr. and Mrs. Charles Sparwasser, Mr. and Mrs. J. A. Lewis, the Misses Mollie Walters, Alma McCarthy, Marie Wilcox, Anita Randall, Sally Rutherford, Blanch McCarthy, Gertrude White, Edith Sperry, Ethel Thompson, Hazel McCarthy, Jo Anningsham, Messrs. home in Alameda with bridge. More than a score of additional guests attended the 4 o'clock tea, which rounded out the occasion. Mrs. James made Mrs. Frank Summer Loop, who has recently returned from abroad, the complimented guest. Assisting her in receiving were Mrs. Charles Tisdale, Miss Ruth Tisdale and Miss Florence James.

LADIES OF ROUND TABLE.
One of the delightful affairs of the week was given by Mrs. Arthur Mouritz at her Linda Vista home on Tuesday

contributed piano numbers and Mrs. Julius Joseph, one of Oakland's clever monologists, delighted his listeners. Refreshments were delightfully served. The guests were: Mr. and Mrs. August Haneberg, Mr. and Mrs. T. L. Gray, Mrs. Carrie Hall, Mr. Wilson, J. J. Edwards, Mrs. J. E. Travis, Mr. and Mrs. Clarence Sherman, Mr. and Mrs. M. Lyons, Miss Norah Mouritz, Robert Merrill, Mrs. Stuart Merrill, Herbert Merrill, Mrs. M. Edwards, T. E. Edwards, Miss Mercy C. Edwards, Dr. Lillian Yardley, Desmond Mouritz, Mrs. Turner, Mr. and Mrs. Watson, Miss Carmin Mouritz, Mrs. Mrs. Julius Joseph, Mrs. George Brunton.

GIVEN COMPLIMENTARY DINNER.
The twenty-first birthday of Albert H. Silvernall was appropriately celebrated last Wednesday evening at a dinner held in his honor by his sister, Mrs. E. Finkley. After the menu the guests were entertained at cards. Albert Silvernall is one of the leading members of the First Congressional cadet corps and has many friends about the bay cities.

Among those who were present were: Charles Pickering, Archie Thomas, Charles Allen, Leland Lawton, Austin Pickering, E. A. Silvernall, Edwin Finkley, John Falcott, Albert H. Silvernall, Lloyd N. Cobblewick, Wilson Cobblewick, Dave Duncan, Reuben Chase, Herbert Chase and James Teddy.

RECEIVING CONGRATULATIONS.
Mr. and Mrs. J. J. Stine (nee Mary Charles) are receiving congratulations of their many friends upon the arrival of a little daughter.

MRS. GEORGE FRIEND, HOSTESS.
Mrs. George Friend was hostess at a delightfully planned card party yesterday where bridge was the game of the afternoon.

Yellow chrysanthemums formed the decorative scheme and some charming gowns were worn by Mesdames Wickham Havens, Edward Enges, Robert Newell, Lester Wells, J. H. Spring, Lou Allener, Edward Howard, Gus Boyer, Walter Gannan, Lucie May Hayes, Henry Rosenfeld, Miss Carrie Nicholson.

DINNER HOSTS.
Mr. and Mrs. Charles Parker Hubbard were dinner hosts recently in compliment to Mrs. Samuel Hubbard, Sr. Cards followed the menu. The Hubbards will entertain the members of a local bridge club on November 28. Among the guests will be Mr. and Mrs. George Rodolph, Mr. and Mrs. George Hammer, Mr. and Mrs. William Hamilton Morrison, Mr. and Mrs. Robert M. Fitzgerald, Mr. and Mrs. Walter Hughes, Henry Snyder and Mrs. Charles Youngberg, Mr. and Mrs. Charles Rodolph and one or two others.

WILL RETURN TOMORROW.
Mr. and Mrs. F. C. Turner will return Saturday to Oakland after a fortnight's visit to Portland and Seattle. They were the guests of Mrs. Turner's brother, Ralph Lee, in Borneo.

TO HOLD BAZAAR TOMORROW.
For the benefit of the West Oakland Free Kindergarten, of which Miss Winifred McFarland is at the head, a sale of fancy work will be held tomorrow at the home of Mrs. A. J. Snyder at 670 Oakland avenue. The bazaar is given by the members of a little sewing club, whose members include Jean Jilson, Jean Webster, Jacqueline Snyder, Faye Snyder and Ruth Minor.

PRETTY HOME WEDDING.
A pretty home wedding was solemnized Sunday evening at the home of Mr. and Mrs. W. H. Rigley, when Miss Rigley became the bride of Ernest Staples. Rev. Levy Gregory performed the ceremony, which was witnessed by about sixty guests.

The house was prettily decorated with ferns and autumn flowers, and the couple stood under a bower of smilax. The bride wore a pale pink messaline elaborated with cream lace and chiffon ruffles. At the close of the ceremony an informal reception was given to the young people, after which they left for their honeymoon in the southern part of the state. On their return Mr. and Mrs. Staples is in business. Mrs. Staples is many friends on both sides of the bay.

MRS. BUTTERS AT WALDORF.
Mrs. Charles Butters is at present at the Waldorf in New York and has as her guest Mrs. Charles W. Cobb.

TALBOT WALKERS TO ARRIVE.
Mr. and Mrs. Talbot Walker, the latter was Miss Mary Keeney, will arrive Tuesday in San Francisco for a week or two before opening their home at Menlo Park.

TO GO SOUTH.
Mrs. William Ingram will leave shortly for San Bernardino, where she will visit her son, W. S. Ingram.

BRILLIANT DANCE TONIGHT.
The Amite Assembly meets tonight for the third dance of the first series at the Elmore club, which will be banked in greens for the occasion. About 100 guests will attend and many beautiful gowns will be on exhibition. The affair promises to be one of the prettiest ever given by the club members.

TO ENTERTAIN LATER.
Miss Norma Castle will postpone the card party for popular Miss Edna Orr until later in the season. On next Friday a few intimate friends of Miss Orr's will be entertained at a sewing bee, which will be held at Miss Castle's home.

Visible or Invisible

By LILLIAN RUSSELL

(Copyright, 1911, By Lillian Russell)

NO woman can truthfully say, "I do not care whether I am beautiful or not."

Every woman does care. The immutable laws of her being have made physical attractiveness as much a natural glory to her as strength is to man.

It is the plain woman to whom I address these words of advice and warning, but should beauty's self find a few useful hints I see no reason why she should not avail herself of them.

A great many ill tempered women—and men—are ill tempered because they are ugly. They may not realize always what makes them unhappy, but heavy indeed is the burden of ugliness and, pernicious is its effect on their moral character.

An ugly child early begins to notice the difference in its treatment by strangers from that given to the pretty child, and when it looks in the mirror and is reminded of another face more lovely, disappointment begins to embitter its whole nature, as no one tells it how to make itself beautiful, a melancholy shyness takes place of vivacity and ambition.

Often a girl becomes sarcastic, ill natured, and envious; other faults follow and she becomes unhappy and morose, just because she feels that she has been given a handicap at birth. Every young girl should be told that no woman need be ugly if she finds her points of attractiveness that every woman has.

It is no sin or folly to long to be beautiful and the study of beauty points should be an acknowledged art by all to whom God has given an intelligent brain.

This old saying of the plain woman, "Well, I am as God made me" is a slander against her Creator. We are told that we are made "in the image and

likeness of God." What is more beautiful to contemplate? That likeness is not physical; it is spiritual. We are made in spiritual likeness of God; therefore our intellect and understanding is all that resembles our Maker and if we do not bring out our best points we are not showing gratitude for our existence.

Babies have to be cared for and trained; no one thinks of neglecting them because "God made them helpless."

To bring out our best points

LILLIAN RUSSELL. Copyright Photo by Schloss, N. Y.

of beauty of face, form, or intelligence is but a part of the duty we owe to our fellow creatures and to the best that is in us.

You will say, "Well, how can I make the best of myself?"

Woman's first duty is to make herself beautiful to see, and pleasant to hear, be handsome, talented and learned. This means much thought and hard work. To cultivate one talent leads to several; the bringing out of one point is the discov-

ery of many; start with any one of them and others will follow. The chief object in a girl's life is to marry; but few know why, and their mothers have not told them.

Marriage from the right point of view is to be the companion and helpmeet of another soul; to select a companion whose guidance and sympathy will uplift you; to beget and mold the spirit and mind of a new generation and to fit oneself for these supreme duties. What can be a higher aim?

The single woman's place is secondary; she is never fulfilling her complete mission; while the real wife and mother is queen.

People often complain of men not marrying; alas, they forget how little women offer in exchange for marriage. Some women do not even try to be agreeable to look at, much less to live with. More men would marry if they could find mates; women who are helpful, amusing, or pleasing to the eye.

The mass of society is confusing; the brightly colored spots are the visible ones; the others are the background; so do not be content with the background; be prominent—prominent in character or individuality.

A woman can be visible by her virtue, her industry, her talent, or her beauty; only want of character can make her invisible. A woman should make the best of herself, inside and out.

To be healthy, beautiful and agreeable is no disadvantage even in a learned profession. Remember: To look one's best is not vanity; it is self-respect.

DOTTY—Soon I am going to publish a recipe for reducing a fat face and I think this will help the trouble you speak of. If I were you I would look myself over carefully with reference to finding my best points. Haven't you good teeth, nice eyes, luxuriant hair, a clear complexion, small ears? Any one of these beauty points could be cultivated to the extent of making people forget the trouble you speak of. I am quite sure you are not as "ugly as a mud fence," and if

you only look for beauty instead of ugliness you will find it. Your case interests me. After you have tried for a week or two the remedy which will be published soon, let me hear from you.

I. W.—I think you had better consult a physician about the white spot. The fact that your hair is white as well as your skin shows that the pigment has been destroyed, and I am afraid that it

will be hard to restore it. I should consult a physician who makes a specialty of skin diseases.

MRS. F. S.—It is impossible for me to give advice on anything except the cultivation of womanly beauty. Not only most of my own time, but all the time of my secretary is given to this, and consequently I am afraid you will have to use your own clever ideas on this subject.

Theatrical Man Leaves Valuables in Rear of Auto and Now Regrets.

SEATTLE, Wash., Nov. 17.—Diamonds, jewelry and clothing, valued at more than \$3000 and belonging to Mr. and Mrs. Alexander Pantages, were stolen from the rear of their automobile while it was standing in front of a residence on Ninth avenue last night. Mr. and Mrs. Pantages were going to Portland last night, but before leaving attended a card party at the home of a friend. They left three suitcases containing the valuables in the automobile.

When they returned to the automobile to go to the railway station they found that two suitcases had been stolen. Mr. and Mrs. Pantages went to Portland despite their loss.

How to Cure Your Stomach Trouble

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nourishment; while every act of digestion, from the time the food enters the stomach until it is digested and assimilated by the blood, needs plenty of pure, well oxidized blood. The muscles, glands and nerves of the stomach work only according to the quality of the blood.

The most common cause of indigestion is anaemia, or lack of blood. Indeed there is not a single disturbance of the health of the body nor any form of exhaustion or lowered vitality, that may not lead to stomach trouble. Disordered blood is the one common cause of indigestion. Not only does the thin, impure blood weaken the muscles of the stomach, but it lessens the product of the glands of the intestines and stomach, which furnish the digestive fluids.

Nothing will more promptly cure indigestion than plenty of pure, well oxidized blood. Dr. Williams' Pink Pills for Pale People are the safest, most certain blood-builder. They increase the red corpuscles, the oxygen-carriers of the blood, until the blood is rich and red. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health.

Mrs. Walter E. Kuehl, of No. 1527 Virginia street, Berkeley, Cal., says: "I suffered for nineteen years with indigestion and stomach trouble. At one time I was so ill that I did not care to live. I had an appetite, but could not eat on account of the acute pain it gave me. I had dull, heavy pains in my stomach. At times there were sharp pains in my head like a jumping toothache. I had one bad attack, when I was in bed for three months. Before taking Dr. Williams' Pink Pills for Pale People I was a mere skeleton. Doctors gave me up. I could not keep my medicine on my stomach. I was starving to death and had no hope of getting well. The pills gave me almost immediate relief and I have been in good health since taking them. I weigh 175 pounds. I am willing and pleased to recommend Dr. Williams' Pink Pills for Pale People to any sufferer, and feel that I cannot praise the pills enough."

Start today to cure yourself with Dr. Williams' Pink Pills for Pale People. They are for sale by all druggists, or will be sent, prepaid, upon receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Send for free booklet, "What to Eat and How to Eat."

SIX HURT IN TWO AUTO ACCIDENTS

One Machine Crashes Into a Street Car, Other Into Safety Station.

SAN FRANCISCO, Nov. 17.—Two men are at the Central emergency hospital with very slim chances of recovery and four others are painfully injured, two of them seriously, as the result of two automobile accidents which occurred in the early morning hours in busy corners in this city.

Those who may die are: W. E. Butterfield, a clerk, of 1160 Fell street; fracture of the skull, lacerations of the scalp, internal injuries. Charles L. Brant, 250 Pierce street; body paralyzed, contusion of the spine, broken collar-bone, possibly broken back.

Seriously injured: Henry J. Helms, bartender, Hotel Eddie; possible fracture of the skull, internal injuries, broken ribs, lacerated scalp. L. E. Bleher, lacerated wound of the scalp, possible fracture of the skull, broken right wrist.

Painfully hurt: George C. Wood, 128 Ninth avenue, automobile owner; scalp wounds. H. P. Fien, 518 Market street; lacerated left arm.

The more disastrous of the two accidents occurred at the crossing of McAllister and Larkin streets at 2:15 a. m. A seven-passenger car, driven by George C. Wood, and carrying home Butterfield and Brant, was westbound on McAllister street and it is believed failed to slow down for the Larkin street crossing. At the same time a car of the Polk and Larkin line, run by John Johnson, started to cross.

The machine was struck in the middle, hurled with great force to the side of the pavement, whirled around and thrown against a lamp post. Butterfield was hurled fifty feet. Wood was caught beneath the wheel and Edwin and Brant were thrown out. Officers Harper and O'Neill stopped the car of Sid Grauman, a local theatrical manager, and the two more seriously hurt were hurried to the Central emergency hospital.

A short time before, at Kearney and Market streets, a powerful car, driven by Oscar Diehl, ran into the safety station and threw the two other occupants, H. P. Fien and L. E. Bleher, to the street. Both men were hurried for treatment to the Harbor hospital.

MARRIES GIRL WHO SENT HIM TO CELL

James Dalton Weds After Serving Nine Years in Prison.

TOPEKA, Kas., Nov. 17.—Paroled after serving nine years of a sentence in the Kansas State penitentiary, James S. Dalton has been married to Miss Laura Taylor, the girl who got him into the trouble for which he was sentenced to be hanged, meaning, in Kansas, life imprisonment. Dalton and his wife are living at Hutchinson, where he is in charge of the berrillon room at the State reformatory.

Dalton was a hardware salesman. He met Taylor on one of his trips through the country and they became engaged. Later he attempted to help her brother and another man to escape from the county jail. A jailer was killed and Dalton was sentenced to be hanged. After nine years, Governor Stubbs paroled him, because the probability of Dalton's guilt was slight and flimsy. As soon as he was free he sought out his sweetheart and they were married at once.

WOULD BUILD TWO BIG CANALS ACROSS COUNTRY

KANSAS CITY, Mo., Nov. 17.—A plan which the wonderful organization now digging the Panama canal may be put to work, and, incidentally, a plan which would do much toward solving the problem of freight rates and would improve the freight facilities of the United States, has been suggested by Robert C. Rawlings of Kansas City, who proposes that the federal government commence the construction of a canal system uniting New Orleans with New York, and Pittsburgh with Sioux Falls and the Dakotas.

"The canal I would dig would be large enough to permit the passage of the biggest ocean steamer," he said.

Members of the Junior Progressive Club are considering the organization of a debating team, which will include the boy orators of the society. No definite plans have been announced regarding the introduction of the team into the league. It will probably be one of the educational features of the club.

The next meeting of the "Progressives" will be held November 25 in the children's room of the library. Fourteenth and Castro streets. It will be open to the parents and friends of the members. The session will be called to order by Raymond Abernathy, president. The following officers will assist him: Gerald Limback, vice-president; Gethin Williams, secretary; James Manning, assistant secretary; and Carroll Spender, captain of sports.

These Chaps Show 'Broadway' Class

FREEMAN & DUNHAM—Big Laugh Makers at The Bell This Week.

You know there isn't much originality in a singing and talking act and when two chaps score such a big hit as these boys pictured above are registering at the Bell theater this week then one must look to something aside from originality to account for their unusual success. It matters not anyway just where to place the reason for this popular approval for they land the big applause at

every performance—so many acts of this character sink into mediocrity when compared to the finished work of this duo that it is a pleasure to boost Freeman & Dunham and to assure the public that they will find in their contribution to the bill a surfeit of satisfaction and genuine entertainment. In addition there are a number of high-class novelties; it's really an all star bill.

ST. JOHN'S GUILD TO GIVE BAZAAR

Annual Sale of Goods Will Be Given by Members of Congregation.

The Ladies' Guild of St. John's Church will give its annual bazaar on November 28 and 29, at 814 Fourteenth street. Coghill, Miss Yandy and Miss Jean Louderback.

A booth presided over by Mrs. Geo. Stowbridge will contain dolls and infant wear. She will be assisted by Mrs. Bounton and Mrs. Geo. Cooke.

Other booths will be presided over as follows:

Candy, Mrs. H. A. Crowley; stationery, Mrs. A. Hansberg; aprons and comforters, Mrs. Morantz; mystery, Mrs. M. Gonzales.

The Thanksgiving table has not been forgotten and every sort of dainty will be sold by Mrs. Kane, Mrs. Boaswell and Mrs. Muir.

U. S. CIRCUIT COURT TO LOSE IDENTITY

SAN FRANCISCO, Nov. 17.—Under the new rules adopted for the conduct of federal courts, the United States Circuit Court will cease to exist on January 1, becoming a department of the United States District Court.

The present district court in San Francisco, presided over by Judge John J. de Haven, will be designated as Department 1 of the United States District Court.

While the present circuit court will be known as Department 2, presided over by Judge William C. Van Fleet.

The office of the clerk of the circuit court, now held by Southard, will be abolished, the duties being transferred to the office of the clerk of the district court, in charge of James B. Brown.

Pass Along The Good Word

That Dr. Pierce's Golden Medical Discovery is to-day and has, for over 40 years, been the standard Blood-purifier, Stomach Strengtheners and Liver Invigorator sold by druggists. It's not a secret nostrum but a medicine so good that the best physicians prescribe it knowing that its ingredients, which are printed on its outside wrappers and attested under oath, are the best known to medical science for the diseases for which it is advised.

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering and obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not his greater profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Advertiser, in Plain English, or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, cloth-bound, sent for 31 one-cent stamps, to cover cost of wrapping and mailing only. Address: Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

MILLIONAIRES WILL BE EXHIBITED AT HORSE SHOW

Social Elect of America Will Occupy Boxes at Madison Square Gardens.

HISTORIC BUILDING TO BE RAZED NEXT SPRING

American and Foreign Cavalrymen to Compete On Tark for Costly Prizes.

NEW YORK, Nov. 17.—For the brief space of seven days the horse world will witness the motor and resume its reign in the interest of New Yorkers. Strings of thoroughbreds are storming the city on their way to Madison Square Garden, where they will compete in the Twenty-seventh International Horse Show, which will open there tomorrow night. Before the annual competition closes on November 25, \$40,000 in cash, cups and prizes will have been distributed among 155 classes.

The forthcoming exhibition will be the last to be held in Madison Square Garden. Next spring this historic structure will be razed to make room for a modern skyscraper.

EUROPE SEEKS HONORS

The thousands of entries, with their attendant throng of handlers, have drawn the social elite from the four quarters of the American continent and France, Central Park is bright with the uniforms of French dragoons, Dutch uhlans, British Hussars, United States cavalry officers, Canadian colonials and Belgian chasseurs, who will represent their respective nations at the garden, while the mounted of the Moors, the Vanderbilts and the Harrimans help to accentuate the decadence of the motor for the time being.

The decorations of the garden are more gorgeous than ever. The tangle arena is banked with boxes decorated with red and white, while the entrance to the stables is hidden in a mass of evergreen. The judges' stand and the entrance are festooned with the national colors, and those in charge have made every arrangement for the reception of a record crowd.

MILLIONAIRES TO BE THERE

The London horse show at Olympia will be outclassed both from an equine and social standpoint. The box subscriptions covered the number of seats available for the show. The Goulds, Vanderbilts, Schiffs, Colgates, Lamontes, Harrimans, Morgans, Rookfellers, Moores and hundreds of others in the multi-millionaire class will watch their thoroughbreds perform. It is estimated that the family over a thousand guests will reach over a thousand guests.

The competing classes will range from the Lipulian Sheldan pony to the noble dignified Clydesdale. The greatest interest, however, centers in the international cavalry competitions, which will be judged by Lord Decies, who married Miss Vivian, a daughter of the Earl of Hamilton, Canada, and Major Henry T. Allen, U. S. A., Washington, D. C.

A large slice of the \$40,000 in prizes will go to this feature of the program. Officers from the different countries will ride mounts whose fame insures a close competition. In the American division, several foreign horses, which won Hibbons and prizes at Olympia, will be shown here for the first time under the Stars and Stripes. These mounts were purchased by American millionaires and turned over to the United States government. They have been trained by Fort Riley, Kan., and are expected to win over the international entries.

AMERICAN REPRESENTATIVES

Lieutenant Guy V. Henry of the United States cavalry will be in charge of the American teams, which will include Lieutenant Arthur W. Hedges, ninth United States cavalry; Lieutenant Ephraim Graham, fifteenth United States cavalry; Lieutenant Louis A. Beard, sixth field artillery, and Lieutenants Lyman, Barker and Martin. Against these experts of the saddle the flower of European horsemanship will compete.

Chief among the foreign entries is "The Nut," which will be ridden by Lieutenant C. F. Walwyn of the royal horse artillery of England, who last year won the Canadian challenge cup offered by the Hon. Adam Beck of Toronto.

The largest exhibitor will be Judge William H. Moore of Pittsburgh, who carried off the honors at the Olympia horse show in England. Judge Moore will show his thoroughbreds in thirty-three classes. Among those who will compete are J. W. Harriman, Alfred G. Vanderbilt, Jr., and Vanderbilt, Clarence Mackay, Morimer I. Schiff, Judge James W. Gerard, Thomas Hitchcock, Jr., Frederick and Henry Bull, E. P. Robbins, J. Campbell, Thompson, Richard T. B. Jones, Domin Lamonte, E. W. Knapp, Van Dusen Burton and Miss A. S. Colgate.

SAN LEANDRO MAY FACE COSTLY SUIT

The Dustless Roads Company Threatens to Ask Damages.

SAN LEANDRO, Nov. 17.—The city of San Leandro was this morning threatened with a suit for damages and royalties by the California Dustless Roads company of San Francisco for an alleged breach under the United States letter patent No. 602,023. The communication, which comes from Miller & White, attorneys, with offices in the Crocker building, San Francisco, threatens suit in the United States circuit court.

The letter states that San Leandro has been infringing on the rights of the California Dustless Roads company in outfitting its streets. Mayor J. J. Gill stated this morning that, in his belief, the municipality cannot be held in answer to the law, as all the outfitting has been done under contract to parties residing outside of the city limits. He further stated that the matter should be pushed further, would probably be taken up by the California League of Municipalities, which has created a fund for fighting just such cases.

The threatened suit will come up for discussion before the board of trustees next Monday evening. At that time, in all probability, someone to act as city attorney will be appointed, at present there being no such official.

FIRE DEPARTMENT RECOVERS VICTIM

Called Out to Rescue From the Mud Body of Man Killed by Train.

Services of the fire department, equipped with hook and ladder and other apparatus, were called into requisition last night by Deputy Coroner Bert Sargent about midnight last night, to take the body of an unknown man from the deep mud of the north arm of the estuary, into which it had been hurled when the man was struck by a local Seventh street train on the trestle last night.

The accident was reported to the police and Patrolman Moore notified Captain Dock and Sergeant Sill to come to his assistance in rescuing the man. They soon found that he was dead but that he was stuck fast in the mud and could be extricated only with difficulty. Deputy Coroner Bert Sargent was notified to come and get the body.

When Sargent arrived the body had sunk deeper into the mud, and was farther from the trestle. After attempting vainly to lasso the man, and after giving up the idea of attempting to pull a sled or small boat over the slippery surface of the morass, Sargent had a brilliant idea and put in a call for the fire department.

The hook and ladder companies responded to the call, and with much difficulty the usual methods of scaling a building were inverted to get down to the body.

At the morgue it was found that the remains were those of a man about 21 years old, five feet seven inches in height, and apparently a laborer, or sailor. He had brown hair and eyes, wore a black sweater and corduroy trousers. His identity has not been discovered.

FAILS WHEN HE TRIES TO END LIFE

"I've Had Enough," Says the Would-be Suicide, Who Will Recover.

David Ferris, a lumber tallyman 60 years old, attempted to commit suicide last night in the Junita rooming house, 322 San Pablo avenue, by turning on the gas after locking himself in the room. The fumes were noticed this morning by attendants and Ferris was taken to the receiving hospital, where oxygen was administered by Stewards, Platt and Tavers. Ferris will recover. He is married and lives at 622 Eighteenth street.

Upon regaining consciousness, Ferris said that he was "broke," having been out of employment for nearly three months.

"I just decided to end it all," he said, "but I guess I had enough in the first attempt." He will recover.

TROUBLE PURSUES DR. J. G. LYMAN

Former Field Manager Sues the Imprisoned Promoter for \$1770.

SAN FRANCISCO, Nov. 17.—Dr. J. Grant Lyman had a new set of troubles added to the two accusations of a criminal nature against him when a suit was brought today by J. M. Colton. The plaintiff was formerly field manager for the promoter and brings suit for \$1770 alleged salary, levying an attachment on the doctor's cotton plantation in Imperial Valley. Several bales of cotton and other articles on the place are included in the attachment. Dr. Lyman will be served tomorrow when he appears with the habeas corpus proceedings in the circuit court.

MUNYON'S WITNESSES TESTIFY

Savants and Scientists Indorse Munyon's.

PAW PAW TONIC

Arcadius, Dr. Litt, Dr. Ph., Distinguished Savant, Commends Munyon's Paw Paw.

Ross S. Wallace, A. M. and A. C., an Eastern Chemist of Great Reputation, Gives His Opinion of Paw Paw.

What a leading light in Catholic circles says: "Arcadius Avelanus, Dr. Litt, Dr. Ph., is one of the most distinguished and widely known savants and scholars in the world. His attainments are familiar to the high educators, both in foreign lands and in America, and in the highest Catholic circles he commands the highest respect and admiration. In a recent letter to Prof. Munyon he says: 'I used to wonder when in the land of Paw Paw some clever physician or chemist had not brought that wonderful fruit before suffering humanity as a powerful stomach tonic, as I knew from actual use that it had rare virtue in that direction. Seeing that Prof. Munyon, with characteristic energy and enterprise, has worked the thing out, I tried his Paw Paw and I find it all that it is represented to be. Its effects upon digestion, its control of the nerves and its regulation of the blood is something wonderful. I congratulate Prof. Munyon sincerely on this, which I consider his crowning achievement in the realm of curative remedies.'"

(Signed) ARCADIVUS AVELANUS, DR. LITT, DR. PH., Philadelphia, Pa.

What a Distinguished Chemist Says: Ross S. Wallace, A. M. and A. C., is one of the most distinguished analytic and consulting chemists in the east. His name is near the front rank of the distinguished in chemistry. This is what he says of Munyon's Paw Paw: 'I have analyzed the Munyon's Paw Paw and can say that it is a highly concentrating vegetable compound of extraordinary merit as a digestion and tonic for both the stomach and nerve centers. It contains nothing whatever that could be harmful to the most delicate organizations.'"

(Signed) ROSS WALLACE, A. M. and A. C., Philadelphia, Pa.

Druggists say they never handled a medicine that gave such universal satisfaction.

Paw Paw gives new life and strength to the stomach so that it digests everything that goes into it. Its effect upon the nerves is marvellous. It seems to relieve them of all strain and irritation. For insomnia it is proving a great blessing, as scores of people declare that Paw Paw soothes and quiets the nerves so that they can enjoy a good night's rest and get up in the morning feeling strong and refreshed.

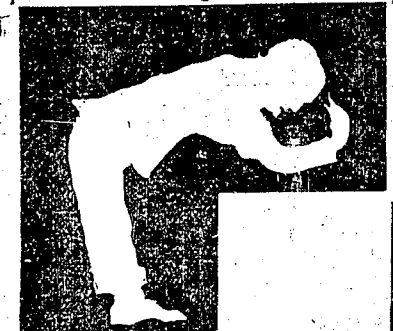

Professor Munyon especially asks every weak and debilitated person to try this Paw Paw remedy. He says it makes old folks feel young and weak folks feel strong; that it will take away all need and desire for alcoholic stimulants. Alcoholic drinks lift but let you fall. Paw Paw lifts and holds you; it gives exhilaration without intoxication.

On sale at all druggists. Large bottle, \$1. Paw Paw laxative pills, 25c a bottle.

MUNYON'S DOCTORS FREE. If you have any stubborn disease, or if you are in doubt about your condition, you would like a thorough examination, come and have a chat with my doctors. They are skilled physicians from leading colleges. They are not allowed to charge one penny for the examination or for their advice. I believe we have the best equipped medical establishment in the world. No matter what your disease is, no matter how many doctors have failed to cure you, come in and get our opinion. You can't be overcharged. You will not be taken advantage of. You will be surprised how much we can do for you for so little money. Make it our business to come today.

The whole of the top floor of the Flannery building, Market and Geary streets, is the permanent home of Munyon's Medical Institution. Make use of it whenever you desire medical advice.

Electrician Charged With an Attempt to Murder Judge Trabucco.

SAN FRANCISCO, Nov. 17.—Chas. Adler, an electrician charged with assault to murder, who threatened Superior Judge J. J. Trabucco with a pistol, was examined as to his sanity by Drs. Lustig and Wadsworth this morning. He had a hearing before the insanity commissioners and at 4 o'clock this afternoon was taken before Judge Van Nostrand. It is not known as yet what disposition will be made of his case.

Dr. J. A. JACKSON DENTIST

I wish to thank the many patients who have called on me since I announced the change in taking over the dental parlors previously occupied by Drs. Carmichael and Free. It gratifies me to know that so many people have assurance of the skillful dentistry performed by me. I take this method of showing my appreciation of the confidence placed in me. It is my aim to treat all alike, with due consideration and courteous and gentle treatment.

OAKS' MANAGER TRYING TO BOLSTER UP WINNING TEAM

Harry Wolverton Angles for Three New Players at San Antonio; Meeting Is Quiet So Far

SAN ANTONIO, Texas, Nov. 17.—Manager Harry Wolverton of the Oakland Club of the Pacific Coast League is dickering for three Texas League players, who starred during the season just finished. One is a pitcher, another is a catcher and the third is an outfielder. Wolverton is partial to the Texas League, as it was from here that he obtained Ables, his star boxman. He says that while the deal has practically been completed, the actual transfer has not yet been made and he does not want to make public the names of his new men.

Dickering for players is occupying much of the time of the managers outside of the National Association meeting. "Happy" Hogan stated yesterday that he expected to announce the acquisition of a couple of players today. At the meeting of the association the committee on classification reported favorably on advancing the Pacific Coast and Eastern leagues and the American association to the AA class. President Baum of the Coast league and J. Cal Ewing and Frank Ish of San Francisco were leaders in the fight before the committee and will also lead in the question comes up before the association for final settlement today.

BAUM HAS GOOD IDEA. President Baum will also introduce a resolution asking congress for a law preventing the transmission of bets on baseball by wire. He says he will also start a movement along the Pacific coast to have the State laws passed to suppress gambling on baseball. Such steps, he asserts, are necessary to keep clean the only clean sport that remains. Much of yesterday's session was devoted to the salary-limit question. President Allen of the Texas league proposed a plan for a central board to fix a salary

limit for every league, with penalties for exceeding the limit. The existence of such a rule, it is contended, President Ebbetts of Brooklyn, favoring the plan, proposed bonding clubowners to insure observance of the salary-limit rule.

The matter was referred to a committee, as was also a suggestion that a scale of salaries be established for players who go from one league to another of higher classification. The players are sore. Much dissatisfaction has resulted from the fact that players drafted or bought have frequently been obliged to work for less money in one league than they previously obtained in one of inferior classification.

President Frank Ish of the San Francisco club saw Jackson, the new first baseman drafted by his club from Oklahoma City of the Texas league, who came through Oklahoma City. Jackson, he says, is one of the biggest men in organized baseball. Ish believes he will prove one of the finds of the year. Jackson will spend the winter in San Francisco, so as to get thoroughly acclimated before the spring training season starts.

FOUR LOCAL TEAMS TO COMPETE IN C. S. A. L. TOURNAMENT

Six local and four transbay Catholic schools will contest in the annual basketball tournament of the Catholic Schools Athletic league, which, according to the decision of the league directors made at a special meeting yesterday, will not begin until the first week of January. It was originally intended to have the tournament start this month, but objections made by several of the schools represented on account of the insufficiency of practice already allowed resulted in the postponement.

Six of the schools, including St. Ignace's Grammar, Sacred Heart Grammar, St. Peter's and St. James of this city, St. Joseph's Academy and St. Anthony's school of Oakland, will be represented in both the 110-pound and unlimited classes of the competition. St. Joseph's and Mission Dolores schools of San Francisco, and Sacred Heart school, North Oakland, and St. Joseph's Institute, West Oakland will be contestants only in the 110-pound class. Entry blanks will be issued by the league secretary next week, and entries will close December 15.

AMATEUR TEAMS WILL PLAY FINAL GAME SUNDAY

A game of baseball that is attracting an unusual amount of interest on both sides of the bay is that between the Calientes of San Francisco and the Kreig & Haltons of Alameda, on next Sunday, at Alameda Park, Alameda, at 2 p. m. This is the third of the three game series between these two fast clubs; and it is the deciding struggle, as the first game was won by the Calientes, and the second by the Kreig & Haltons. The Kreig & Haltons have won the first game with Boudreaux and O'Donnell doing the battering work. In the next contest the Kreig & Haltons were retired, the Caliente pitcher injured his side and the club finished the game with the first baseman in the box.

Both teams have their strongest line up Sunday and each are confident of victory.

FOUR ROUNDERS WILL BOX AT MCCONNELL TESTIMONIAL

SAN FRANCISCO, Nov. 17.—An attractive card of four-round bouts will be staged at Dr. McConnell's Pavilion tonight, when seven bouts will be pulled off. The show is a benefit affair, the proceeds of which are to be donated to Dr. McConnell, a boxer who suffered injuries in the ring some years ago from which he never recovered. The best available boys boxing in the four-round bouts have been secured, and the contests should provide some lively sport.

GRADUATES EASILY DEFEAT SENIORS

BERKELEY, Nov. 17.—The graduates won the seniors in the first game of the interclass baseball series at the state university yesterday afternoon by a score of 7 to 1. The batteries were: Graduates, Edwin and Chapman; seniors, Tuttle and Sandman.

JOHNNY COULON TO MEET GEORGE KUTZON

CHICAGO, Nov. 17.—Johnny Coulon, bantam-weight champion of the world, last night was matched to box George Kutzon of New York before a Kenosha, Wis., club, November 28. This will be Coulon's first contest since May.

BROOKLYN FOOTBALL TEAM OF SAN FRANCISCO

Reading from left to right: Top row—Van Acker, McHugh, McLaughlin, Daly, Adler, Isaacs (Capt.), Butler. Middle row—Bruneman, McKenna, R. Cerf, Schlamm, DeVaul, Bottom row—Sebastian, M. Cerf, Flatley, coach, Judge, Schroeder

SANTA CLARA RUGBY TEAM WILL BE A HEAVY ONE

College Fifteen Should Average 160 Pounds in the Game Against St. Mary's.

SANTA CLARA, Nov. 17.—A notable fact with regard to this year's Santa Clara College Rugby team is the increased weight apparent in the first squad. While last season's red-and-white team averaged only about 155 pounds, this year's squad averages 160.

The first and second teams are holding daily practice games on the college campus, and a picked team from Santa Clara and Santa Clara is expected to give the collegians a final brush-up Sunday afternoon.

Every first-squad man is in good condition. Trammuto having resumed practice after a week of rest, and Guy Wright having recovered from his recent injury.

The team, in fact, is at present in the best condition attained so far, and Coach Renwick, who is a student for coach, expresses himself as thoroughly satisfied with the prospects of his charges. Renwick has taken up in the working, and his training rule rules are of the strictest character.

On the eve of the struggle, the red-and-white adherents will hold a final rally in the college theater, and there will be vaudeville stunts and football sketches, Rugby poems and monologues, college songs and yells galore.

There is an unexpectedly large demand for seats from points in Santa Clara valley outside of the mission town, and it is probable that a thousand football fans will go up to San Francisco on the 25th to root and boost for the mission. The college itself will go up to St. Ignace's field about 400 strong, including the day-student section.

The record of the team this year is not a bad one to conjure with. It has defeated the Nevada variety 3 to 0, played two tie games with the Stanford freshmen, defeated the California freshmen 13 to 3, defeated the Berkeley 18 to 3, the San Francisco College 13 to 0, and has met only one defeat, and that at the hands of the Stanford, second variety, by a score of 0 to 0.

TICKET SALE BEGINS. Tickets for the annual St. Mary's College-Santa Clara College Rugby football game, to be played at St. Ignace's field, will be on sale yesterday at A. G. Spalding's in San Francisco. St. Mary's will occupy the east bleachers at the St. Ignace's grounds, and Santa Clara the west. Special sections have been reserved for the alumni of both institutions, and places have also been reserved for the students of Sacred Heart College, who will play Santa Clara. General admission tickets are \$1.00 and reserved seats 50 cents extra.

GOULD'S HORSE IS SECOND. PARIS, Nov. 17.—Cavendish, owned by Frank J. Gould, finished second yesterday in the race for the Prix Voller, a hurdle race of 8000 yards, 1 1/2 miles, which was run over the Auteuil course.

HEN BERRY SPENDS KALE AND IS IN A PITCHER

ST. PAUL, Nov. 17.—Pitcher, Charles Chech, for several years a member of the St. Paul American Association baseball club, has been sold to the Los Angeles club of the Pacific Coast league.

HOME RUNS MANY IN COAST LEAGUE LAST SEASON

"Hitting the bull" was apparently a favorite pastime with coast leaguers during the season just closed. Six times, all told, the sign was hit in the Coast League parks, resulting in the fortunate players receiving \$100, or \$50 advance, there were, in addition, 304 home runs, which meant 1368 pounds of tobacco was distributed.

The record is as follows: Los Angeles—The sign was hit September 21 by Walter Carlisle of Vernon. There were twenty-one home runs made during the season.

Oakland—The sign was not hit. There were fifty home runs.

Portland—The sign was hit June 1 by Art Krueger of Portland. There were thirty-seven home runs.

Sacramento—The sign was not hit. There were thirty-four home runs.

San Francisco—The sign was hit July 21 by Bunney Pearce of Oakland. There were 101 home runs.

Vernon—The sign was hit June 4 by Deacon Van Buren of Sacramento. September 3 by Walter Levenson of Los Angeles. September 24 by Roy Brastner of Vernon. There were sixty-one home runs made.

There being 204 runs there was \$760 for the players. Besides this several firms have given prizes, and so forth for home runs.

MARRIED MEN WILL PLAY BACHS' SATURDAY

The married men of the employees of the Oakland Bank of Savings will cross bats with the bachelors of the institution Saturday afternoon at Grove street park. The losing nine is to serve a dinner to the winners at the bank dining room Wednesday night.

CALIFORNIA LIGHTWEIGHT TO MEET K. O. BROWN

NEW YORK, Nov. 17.—Fight fans will be treated tonight to a ten-round bout of championship caliber. Knockout K. O. Brown, the champion, will meet the challenger. They will face each other in the ring of the Madison Athletic Club at 135 pounds. This will be the second clash between these new champions.

ALAMEDA COUNTY BALLPLAYERS FORM LEAGUE

G. A. Smith Calls Meeting for Local Teams to Play Midwinter Ball.

Managers representing the Elmhurst Reds, the Goodyears, the John F. Snow, Smith Bros. and one other local club, are trying to formulate plans for an Oakland winter league, and if the proper support can be had from the press of this city, as well as the fans, it is sure to be a success, for there is equally as much talent available in Oakland for a league as in San Francisco. Among the well-known ball players available on this side are Catchers Jackson, Moore, Westphal, Elsen, Waltrum and Christenson; pitchers, Arlett, Sinclair, Schammell, Mair, Healon, Purdy, Kerston, Peterson and Zamloch. Other well-known players available are Adams, Bost, Bankhead, Martin, Chalmers, Sperry, Toffelmire, Talahan, Jones, Adenidia.

The league grounds are available for the season and it should prove a self-supporting league.

The second meeting will be held at Babst Cafe, Monday evening, November 21, when a schedule will be drawn up. All these managers are requested to be present, and any one else interested in the league.

OLYMPIANS TO MEET S. C. U. AT RUGBY SATURDAY

SAN FRANCISCO, Nov. 17.—Twenty Rugby players of the Olympic Club will leave on the Yale this afternoon for Los Angeles, where the club fifteen will meet the University of Southern California team on Saturday. The Olympians will be in charge of O. Miller, who will captain the team and take care of the business end of the trip.

A dozen of the Olympic Club players will through a light practice at Ocean Shore grounds yesterday under the direction of George Presley, who will coach the team for the balance of the season.

The men who will make the trip to Los Angeles are Deane, Hunt, Butler, McKenzie, Peters, Phillips, Miller, Single, Sundell, Ray Brown, Mike Brown, Trowbridge, Skov, Glasscock, Marisch, Hagler and Hall. The other three players will likely be filled by Templeton, McCreey and King.

ELI'S CRACK TEAM IN REUNION ON YALE FOOTBALL FIELD

NEW YORK, Nov. 17.—The greatest football eleven that ever tore up the sod at Yale field gathered here last night for its first reunion with Captain Lee McClellan—now known as treasurer of the United States—host.

Every member of the "man-eating team of '01," which piled up a season's score of 493 to 0, was present with one exception, Walter Camp took the place of the absentee, Stanley Morrison, who is on a coffee plantation in Mexico, and could not get away to join in the festivities.

HARLEM TOMMY OUGHT TO ARRIVE TOMORROW

Harlem Tommy Murphy ought to arrive in San Francisco tomorrow afternoon if he has held to his train schedule and not lingered by the wayside. According to the time table he left New York for San Francisco last evening. The bout was a strenuous one, and Murphy would do his first sparring at Al White's on Sunday afternoon.

GREEK WRESTLER IS WINNER ON THE MAT

SAN FRANCISCO, Nov. 17.—Peter Buickius, the Greek wrestler, threw Geo. McLeod, the local light-weight champion, in two straight falls at the Western Club last evening. The bout was a strenuous one, and McLeod was a great bid for the honors, but the Greek was too strong for him, and by dint of rough and tumble work, wore the local man down.

REFEREE IS STILL IN DISPUTE DOWN IN LEMONVILLE

Wolgate Still Holds for Welsh. But Long Continues to Say Nay.

Down in the southland they continue to wrangle over who shall referee the Wolgate-Welsh turn at fisticuffs on Thanksgiving Day, and to the man with gray matter in his noodle it looks like a lot of child's play just to get the people to talking.

Wolgate wants Jack Welsh, as we all know, while Baron Long, representing the British champion, wants somebody else, and both threaten to call off the fight if the matter is not adjusted to their way of thinking.

Maybe it is a broad assertion to make, but to the writer it looks like one his press agent stunts Wolgate to get \$18,500, win, lose or draw and 51 per cent of the pictures, while Welsh gets \$3000 and 49 per cent of the pictures.

If these foxy managers of the fighters are to throw up the chance like that, then they are the ones that should be taken down and examined for something that is wrong.

Still it is a very ticklish condition of affairs, and those who do not know Jack Welsh should the fight really be called off it would be an awful slam at the fight game in the west.

LONG MAKES A SPEECH

"Since he has become a champion Wolgate finds himself pitted against a man who will not allow him to do all the dictating," said Long, Welsh's manager. Tom Jones, have been used to picking their own referee right along and invariably their choice has been Jack Welsh.

But now the champion and his director-general are putting Welsh in bed. They are insisting upon him again, the entire field, and as everybody knows, California contains countless good fight officials. Why bother with Welsh without giving the other side a chance to argue is a matter for the sporting public to figure out.

So far as is known, Welsh is not seeking the honors that go with the job, but he is being made the goat for the whole layout. The fans of San Francisco know him well, and naturally infer that Wolgate figures he will be an easy win with his own man in the ring. It's only natural for them to take this view of it, for they don't all see things in the same light as those who are well versed in the game.

FREDDIE WOULD NOT FIGHT

The foreign lightweight wired his manager, Baron Long, last evening to the effect that he intended to stand pat, and that, if necessary, he will call the battle off before he will stand for Wolgate's dictation in the referee question. Welsh is confident of his team's ability to reverse the tables. The Brooklyn boys this year have the strongest team of their career and the contest between them and Century will be strongly fought every inch of the way.

The supporters of the rival teams will rally to their support on Sunday afternoon and the management promises the best number of his district fight officials every detail necessary to their comfort completed.

PRIZE BIRDS TO BE SHOWN AT OAKLAND POULTRY SHOW

"FRANCIS A." the pigeon that won THE TRIBUNE trophy last year and which will appear at the annual poultry show this month.

A large number of bird fanciers are preparing to exhibit at the annual poultry show to be held by the Alameda County Poultry Association and the California Pigeon Club, at 1250 Webster street, November 21 to 27 inclusive. At that time one of the interesting exhibits will be that of F. L. Alborell of Elmhurst, whose blue English Runt, "Francis A." won THE TRIBUNE trophy offered for the most perfect bird in the show. In the Alborell exhibit will also be bantams, Belgians, hares, Yorkshire canaries and silk-haired Maltese poodles.

NEW STEAMER TO ECLIPSE SOLANO

Southern Pacific Building Giant Ferry in the Oakland Yards.

The Southern Pacific Company's steamer Solano, which has ferried thousands of trains every year since 1879 across the Carquinez straits between Port Costa and Benicia, and which has been known all of those years as the largest ferryboat in the world, is to lose its famous appellation. Its successor to the title will be the ferry steamer Contra Costa, now being constructed in the Oakland shipyards of the Southern Pacific. The building of the old Central Pacific railroad across the great West and the steamer Solano are today two of the favorite topics of the California pioneers.

The Solano is not to be retired from service, however. Both the old and new boats will carry the transcontinental trains across the narrow straits that separate Carquinez and San Francisco bays. The Contra Costa, while the general dimensions do not vary materially from those of the Solano, will be slightly larger. It is being constructed of Oregon pine and will be placed in service immediately upon its completion. The length over all will be 433 feet 4 inches and the width 116 feet. Its tonnage will be 3800 tons.

PLAN TWO ENGINES.

The most radical difference between this new steamer and the Solano will be the location of the engines. Instead of being propelled by one engine, located in the center of the boat, there will be two independent engines of 2500 horsepower each, located below the main deck, one engine for each paddle wheel. Steam will be supplied from eight dryback Scotch boilers.

There will be four parallel tracks, 12-foot centers, on one long side. These tracks will be absolutely straight on the deck of the boat, there being no deck-houses in the center of the steamer to require a curve, as on the Solano. Its capacity will be thirty-six freight cars and two locomotives, or twenty-four passenger coaches and two locomotives. The present aprons and slips of both the Benicia and Port Costa terminals will remain as they now are, the guard lines of the new steamer being identical with those of the Solano. The Contra Costa will be provided with a cafe and bar on the main deck, also a waiting room for local passengers.

STUDENTS WILL STAGE TWO PLAYS

Gymnasium at Mills College to Be Scene of Their Settings.

MILLS COLLEGE, Nov. 17.—Two plays—Rostand's "Romancers" and Shaw's "The Dark Lady of the Sonnets"—will be staged in the big gymnasium at Mills college tonight by members of the student body. Both plays will be produced under the efficient supervision of Miss Clara Safford.

Rehearsals have been in progress for a number of weeks and have been so successful in bringing out the latent talent of the cast that the performance tonight is expected to excel any of a similar character ever attempted at the college.

Special music and dances will be features of the play. Music has been arranged for the occasion by the Misses Hyde. In addition, in several solos will be represented some of the best talent of the college. The dances are unique and because of their artistic quaintness have been selected as specially suitable for the style of the plays.

Owing to the excellency of the new twenty-minute car service the curtain will go up promptly at 8:20.

The casts of characters are as follows:

"THE DARK LADY."
Queen Elizabeth..... Mildred Smith
The Dark Lady..... Maude Ross
Shakespeare..... Eleanor Jones
The Guardsman..... Ruth Wood
"THE ROMANCERS."
Perceval..... Hazel Lathrop
Stanford..... Hazel Altman
Benjamin..... Alice Anderson
Pasquinet..... Mildred Ritchie
Blaise..... Adele Downing
Sylvette..... Joyce Lobner

EYE DAMAGED WHEN HE FALLS FROM CAR

SAN FRANCISCO, Nov. 17.—F. Hammerstein, who lives at the Manx Hotel, fell from a car at Kearny and Geary streets at a late hour last night and received a wound on the right eye. The harbor ambulance was summoned, but the injured man refused to go to the hospital and was taken to his hotel for treatment.

FIREARMS LAW TO PREVENT CRIMES

Connecticut Takes Step That Will End Many Obscene Shootings.

HARTFORD, Conn., Nov. 17.—A new firearms law which has just gone into effect in Connecticut requires a record to be kept of the purchasers of all firearms, and the purchaser is required to register expressly the purpose for which he is buying the weapon. The law is to be vigorously enforced, and severe penalties imposed for violation. It is believed that the new law will go a long way toward tracing many obscure crimes. The carrying of guns by foreigners will be done away with to a large extent.

BOMB SCATTERS STRIKE BREAKERS

New York Streets Are Being Cleaned of Refuse Which Piled Up in Strike.

NEW YORK, Nov. 17.—The work of clearing the city's streets of the masses of refuse which piled up during the strike of garbage cart men, rapidly with more than normal complement of carts out in the principal thoroughfares. Police guards are still with the workers in some sections, but there has been a marked thinning down of the protective force. A bomb thrown into the cellar of a street cleaning department stable on the upper East Side exploded last night without harming anybody, but a panic ensued among the strike-breakers in the place. The police reserves restored order.

THINK SAND FLIES SPREAD PELLAGRA

Kansas Medical Men Inclined to Believe Infection Is Distributed.

TOPEKA, Kas., Nov. 17.—It is believed that the manner of infection of pellagra has been discovered and that the disease is carried by sand flies.

A case of pellagra was found near Oswego early in the spring and sand flies were discovered in the same neighborhood. Two monkeys were placed in cages and with one was imprisoned infected flies and with the other flies that had not come in contact with the diseased patient. The monkey in the cage with the infected flies has become ill and will be examined carefully at the University of Kansas hospital at Rosedale.

RAISE PASTORS' WAGE, IS PLEA

Dr. T. B. Holmes of Berkeley Asks That Ministers Be Given Salaries.

SAN FRANCISCO, Nov. 17.—The general committee of the Northern California Baptists convention has reported that 80 churches in the district had a full apportionment during the fiscal year just ended. The largest number, on the roll of honor in the history of the convention. The committee announced changes in the constitution governing the young people's society, which give the society power to nominate its own state board and to co-operate more fully with the National Society.

Dr. T. B. Holmes, president of the convention board and a prominent layman of Oakland, made a plea for an increase of salaries for ministers.

Rev. William H. Geistweitz of San Diego, Rev. F. M. Drexler of Willows and Rev. J. M. Hoover of Lindsay also spoke. It was announced that the work of raising \$200,000 for the benefit of retired ministers promised to be completed by Christmas.

VESSEL STARTS ON LONG VOYAGE

Steam Schooner Leaves Boston On 16,000-Mile Trip to Seattle.

BOSTON, Nov. 17.—Amid the shrieks of strains on all manner of steam whistles, the little fishing schooner Athena, fitted with a 100-horse-power auxiliary engine, backed out of her berth at Commercial wharf early today and headed for Seattle, 16,000 miles away, to enter the halibut fishing industry. The voyage will be the longest ever undertaken from this port by a vessel of this size. Captain Edward Brewer and his crew of eleven men expect to arrive at their destination in four months. No stops will be made on the way.

The Athena is a new boat of the "knockabout" variety. It carries provisions to feed all hands for six months. Captain Brewer hopes to make a week or two to overhaul the Victor and Ethan, a large schooner which left a week ago, also for Seattle, and so have company across the thousands of miles of lonely ocean.

PROMOTERS' PLAN PROBABLY FAILS

Funds Are Lacking to Float Steamship Company at Portland.

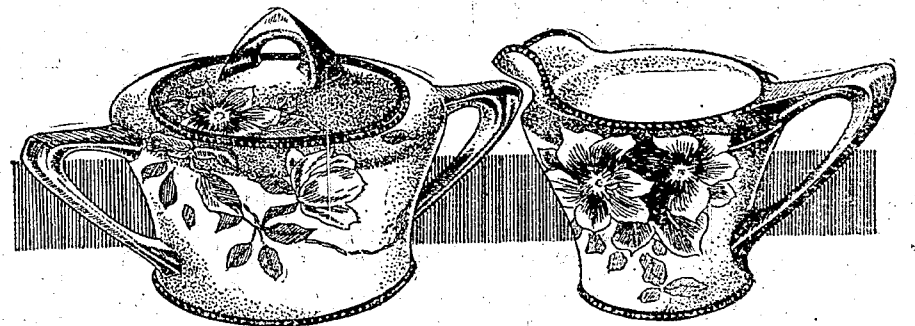

PORTLAND, Or., Nov. 17.—Word was received here by J. N. Teal from Bernard N. Baker of Baltimore that unfriendly interests have probably defeated the financing of a large steamship company, which contemplated putting on a line of large steamships to ply between Seattle, Portland, San Francisco, on the Pacific coast, and Atlantic coast ports, by way of the Panama canal.

According to information received here, Baker will endeavor to influence Congress to authorize the Federal authorities to establish the line. Baker visited various Pacific coast cities a few weeks ago, when he outlined his plans for the establishment of the steamship line.

Makes Rough Skins Smooth and Clear

"It is a hopeless task to try to overcome complexion faults with the aid of face powder," writes Mrs. Mae Martyn, in the Baltimore Express, "for the reason that it clogs the pores and so impedes their functions that blackheads, pimples and enlarged pores result. A very fine lotion to rid the skin of unnatural conditions is made by stirring 2 teaspoonfuls glycerin in 32 pint hot water, then adding 4 ounces sassafras, or if witch-hazel is used instead of water, it will dry more quickly. Apply this lotion sparingly and massage in lightly and the skin will take on a velvety glow and softness. This lotion is superior to powder as it produces a healthy condition, and then, too, it is invisible when on and will not rub off."

ONE DOSE MAKES INDIGESTION GO

Heartburn, Gas, Sourness and Other Stomach Misery Vanishes.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Billousness, Constipation, Griping, etc. You can do no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

No case of Pepp's Diapensin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pepp's Diapensin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

NO MONEY FOR WOMAN SUSPECT

Brotherhood of Locomotive Engineers Hold Up Life Insurance.

CHICAGO, Nov. 17.—The Brotherhood of Locomotive Engineers will refuse to pay an insurance policy of \$1500 on the life of John Quinn, whose widow is in the county jail charged with responsibility for his death.

Officials of the organization informed James J. Connelley of the Kensington police station yesterday that this action had been taken because of a clause in the by-laws of the organization which states that the money will not be paid in cases where the beneficiary is supposed to be responsible for the death.

MISSOURIAN LOSES LEG WHEN HE IS "SHOWN"

SPRINGFIELD, Mo., April 17.—After losing his leg in a quarrel with a North Dakota man who insisted that his state was equal to Missouri, Z. W. Hippe of Willow Springs is suing his antagonist, Edward Kanke, in the circuit court for \$8000 damages. Hippe alleges that when he disputed Kanke's position that North Dakota was every bit as good as Missouri, Kanke knocked him down, beat him and broke his leg, which had to be amputated.

BOMB THROWN IN CHICAGO TENDERLOIN

CHICAGO, Nov. 17.—Bomb throwing, which for many weeks has been almost entirely missing, was renewed last night, when one of the missiles was hurled at a dance hall in the Tenderloin district. Like many preceding in the last few years, the resultant explosion did little damage.

The bomb exploded with a roar that could be heard for half a mile. Buildings in the vicinity were shaken and a large plate glass window was blown out of the front of the dance hall. A dance was in progress at the time and the dancers rushed to the street. It was the popular belief that the bomb had been exploded because of the recent investigations into vice by the civil service commission.

THREE SCHOONERS WRECKED. ST. JOHN, N. B., Nov. 17.—Shipping on the coasts of the maritime provinces has been severely buffeted on a high wind which has prevailed for several days. Three coasting schooners are ashore and damage to other vessels is reported from many places.
